IGI GENERAL INSURANCE LIMITED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2019

# INDEPENDENT AUDITOR'S REPORT

#### To the members of IGI General Insurance Limited

# Report on the Audit of the Financial Statements

# Opinion

We have audited the annexed financial statements of IGI General Insurance Limited (the Company), which comprise the statement of financial position as at December 31, 2019, and the statement of comprehensive income, the statement of changes in equity and the cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, the statement of comprehensive income, the statement of changes in equity and the cash flow statement together with the notes forming part thereof, conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Insurance Ordinance, 2000 and the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of Company's affairs as at December 31, 2019 and of the total comprehensive income, the changes in equity and its cash flows for the year then ended.

# **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

# Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

# Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan and the requirements of Insurance Ordinance, 2000 and, Companies Act, 2017 (XIX of 2017), and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

997

A. F. FERGUSON & CO., Chartered Accountants, a member firm of the PwC network

State Life Building No. 1-C, I.I. Chundrigar Road, P.O. Box 4716, Karachi-74000, Pakistan

Tel: +92 (21) 32426682-6/32426711-5; Fax: +92 (21) 32415007/32427938/32424740; <www.pwc.com/pk>

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

# Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud
  or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that
  is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material
  misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve
  collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
  that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the
  disclosures, and whether the financial statements represent the underlying transactions and events in
  a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

# Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

 proper books of account have been kept by the Company as required by the Insurance Ordinance, 2000 and the Companies Act, 2017 (XIX of 2017);

- the statement of financial position, the statement of comprehensive income, the statement of changes in equity and the cash flow statement together with the notes thereon have been drawn up in conformity with the Insurance Ordinance, 2000, the Companies Act, 2017 (XXI of 2017), and are in agreement with the books of account;
- investments made, expenditure incurred and guarantees extended during the year were for the purpose
  of the company's business; and;
- d) no Zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

The engagement partner on the audit resulting in this independent auditor's report is Noman Abbas Sheikh.

# IGI GENERAL INSURANCE LIMITED NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2019

#### LEGAL STATUS AND NATURE OF BUSINESS

- 1.1 IGI General Insurance Limited ("the Company"), a Packages Group Company, was incorporated as a public limited company on November 18, 2016 under the Companies Ordinance, 1984 (now Companies Act 2017). The registered office of the Company is situated at 7th floor, The Forum, Suite No. 701-713, G-20, Block 9, Khayaban-e-Jami, Clifton, Karachi. The objectives of the Company include providing general insurance services (mainly in the sphere of Fire, Marine, Motor, Health and Miscellaneous) and general takaful services (mainly in the sphere of Fire, Marine, Motor, Health and Miscellaneous).
- 1.2 The Company is a wholly owned subsidiary of IGI Holdings Limited ("Holding Company") and had been formed to facilitate the transfer of general insurance segment of IGI Insurance Limited to the Company under the Scheme of Arrangement filed with the Honourable High Court of Sindh (SHC). The transfer of general insurance business and related assets and liabilities from IGI Insurance Limited to the Company had been made effective from January 31, 2017, which had been sanctioned by SHC vide Order dated December 16, 2017. The insurance license was transferred to the Company from IGI Insurance Limited with effect from January 16, 2018.
- 1.3 The Company commenced its Window Takaful Operations with effect from July 1, 2017 after getting the approval from the SECP.

# 2. BASIS OF PREPARATION AND STATEMENT OF COMPLIANCE

#### 2.1 STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards comprise of:

- International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB)
  as are notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017, Insurance Ordinance, 2000, Insurance Rules 2017, Insurance Accounting Regulations, 2017 and Takaful Rules, 2012.

In case requirements differ, the provisions or directives of the Companies Act, 2017, the Insurance Ordinance, 2000, the Insurance Rules, 2017, the Insurance Accounting Regulations, 2017 and the Takaful rules, 2012 shall prevail.

- 2.1.1 In terms of the requirements of the Takaful Rules, 2012, read with the SECP Circular 25 of 2015 dated July 9, 2015, the assets, liabilities and profit and loss of the Operator Fund of the Window Takaful Operations of the Company have been presented as a single line item in the statement of financial position and statement of comprehensive income of the Company respectively.
- 2.1.2 A separate set of financial statements of the Window Takaful Operations has been annexed to these financial statements as per the requirements of the Takaful Rules, 2012.

#### 2.2 Basis of measurement

These financial statements have been prepared under the historical cost convention except for certain staff retirement benefits which are carried at present value of the defined benefit obligation less fair value of plan assets, property and equipment and investment properties which are carried at fair value and certain investments which are carried at market value.

# 2.3 Functional and presentation currency

Items included in these financial statements are measured using the currency of the primary economic environment in which the Company operates. These financial statements are presented in Pakistani rupees, which is the Company's functional and presentation currency.

2.4 Standards, interpretations of and amendments to the accounting and reporting standards that are effective in the current year:

The Company has applied the following standards for the first time for their accounting year commencing January 1, 2019:

- 2.4.1 Effective from January 1, 2019, the Company has adopted IFRS 16: 'Leases' which has replaced IAS 17, 'leases.' The standard addresses recognition and measurement of leases for both lessor and lessee. The impacts of adoption of IFRS 16 are further given in note 3.1 to these financial statements.
- 2.4.2 IFRS 9 'Financial Instruments' and amendment (effective for period ending on or after June 30, 2019). IFRS 9 replaces the existing guidance in IAS 39 Financial Instruments: Recognition and Measurement. IFRS 9 includes revised guidance on the classification and measurement of financial instruments, a new expected credit losses model for calculating impairment on financial assets and new general hedge accounting requirements. It also carried forward the guidance on recognition and derecognition of financial instruments from IAS 39.

Further, IFRS 4 provides two alternative options in relation to application of IFRS 9 for entities issuing contracts within the scope of IFRS 4, notably a temporary exemption and an overlay approach. The temporary exemption enables eligible entities to defer the implementation date of IFRS 9. The overlay approach allows an entity applying IFRS 9 from the effective date to remove from profit or loss the effects of some of the accounting mismatches that may occur from applying IFRS 9 before IFRS 17 is applied. The Company has adopted the temporary exemption which allows the Company to defer the application of IFRS 9 until December 31, 2021.

For the companies adopting the temporary exemption, the IFRS 4 requires certain disclosures which have been disclosed as in note 2.4.2.1.

# 2.4.2.1 Temporary exemption from application of IFRS 9

As an insurance company, the management has opted temporary exemption from the application of IFRS 9 as allowed by International Accounting Standards Board (IASB) for entities whose activities are predominantly connected with insurance. Additional disclosures, as required by the IASB, for being eligible to apply the temporary exemption from the application of IFRS 9 are given below.

Fair value of financial assets as at December 31, 2019 and change in the fair values during the year ended December 31, 2019

Financial assets with contractual cash flows that meet the SPPI criteria, excluding those held for trading 2019 Rs in 000

Pakistan Investment Bonds - Held to maturity (refer note 9)
Opening fair value
Additions / (disposals) during the year
Increase / (decrease) in fair value
Closing fair value

319,364 (4,591)

6,152 320,925

- 2.4.3 There are certain other standards, amendments and interpretations that are mandatory for the Company's accounting periods beginning on or after January 1, 2019 but are considered not to be relevant or do not have any significant effect on the Company's operations and are, therefore, not detailed in these financial statements.
- 2.5 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective:

The following revised standards, amendments and interpretations with respect to the accounting and reporting standards would be effective for the dates mentioned below against the respective standards, amendments or interpretations;

Standards, amendments or interpretations

Effective date (period beginning on or after)

January 1, 2020 January 1, 2020

 IAS 8 - 'Accounting policies, changes in accounting estimates and errors' (amendments)'

IAS 1 - 'Presentation of financial statements' (amendments)

The management is in the process of assessing the impact of these amendments on the financial statements of the Company.

There are certain other new and amended standards, interpretations and amendments that are mandatory for the Company's accounting period beginning on or after January 1, 2020, but are considered not to be relevant or will not have any significant effect on the Company's operations and are therefore not detailed in these financial statements.

#### 3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies adopted in preparation of the financial statements are set out below. Accounting policies relating to Window Takaful Operations are disclosed in a separate financial statements of Window Takaful Operations which have been annexed to these financial statements. The accounting policies have been consistently applied for all the years presented except for the changes disclosed in notes 3.1, 3.2 and 3.3 to these financial statements.

3.1 "Effective from January 1, 2019, the Company has adopted IFRS 16, "Leases" which replaces existing guidance on accounting for leases, including IAS 17 'Leases', IFRIC 4 'Determining whether an arrangement contains a Lease', SIC-15 'Operating Leases- Incentive and SIC-27 'Evaluating the substance of transactions involving the legal form of a Lease'. IFRS 16 introduces a single, on balance sheet lease accounting model for lessees. A lessee recognises a right-of-use asset representing its right-of-use of the underlying asset and a lease liability representing its obligations to make lease payments. Lessor accounting remains similar to the current standard i.e. lessors continue to classify leases as finance or operating leases. During the year the Company has changed its accounting policy with respect to finance leases in accordance with IFRS 16 - "Leases".

For leases previously classified as finance leases the Company recognised the carrying amount of the lease assets and lease liability immediately before transition as the carrying amount of the right-of-use assets and the lease liability at the date of initial application. The measurement principles of IFRS 16 are applied only after that date. The remeasurements to the lease liabilities are recognised as adjustments to the related right-of-use assets immediately after the date of initial application as disclosed in note 3.1.1.

# 3.1.1 Impact of IFRS 16

Motor vehicles - leased\* Right-of-use assets

\*Represents finance leased arrangement which has now been classified as right of-use-assets.

The revised accounting policies are disclosed in note 3.24 to these financial statements.

On adoption of IFRS 16, the Company has recognised liabilities in respect of leases which had previously been classified as operating leases under IAS 17 except for certain short term leases in accordance with IFRS 16. These liabilities were initially measured at the present value of the remaining lease payments, discounted using the Company's incremental weighted average borrowing rate of 12.80% per annum as of January 1, 2019. The lease liability is subsequently measured at amortised cost using the effective interest rate method. The adoption of IFRS 16 had not impact on the prior year balances as all of the leases of the Company entered in prior years were short-term in nature. The current year impact of IFRS 16 mainly represents effect of a long-term rental arrangement entered into during the current year.

On adoption of IFRS 16, the associated right-of-use assets were measured at the amount equal to the lease liability, adjusted by the amount of prepaid lease payments recognised in the statement of financial position immediately before the date of initial application.

The right-of-use assets recognised subsequent to the adoption are measured based on the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred. The right-of-use assets are depreciated on a straight line basis over the lease term as this method most closely reflects the expected pattern of consumption of future economic benefits. The right-of-use assets are reduced by impairment losses, if any, and adjusted for certain remeasurements of lease liability.

The recognised right-of-use assets and lease liability recognised relate to the following type of asset:

December 2019 (Rupees in '000)

Building - right of use asset

26,400

Total lease liability recognised

25,745

The expense relating to the aforementioned leases amounts to Rs 0.660 million.

The effects of this change in accounting policy are as follows:

| Impact on statement of financial position                           |         |
|---|---------|
| Increase in right-of-use assets                                     | 26,400  |
| Decrease in prepayments   | (1,980) |
| Increase in tax recoverable   | 384     |
| Increase in total assets  | 24,804  |
| Increase in borrowings- lease liability against right-of-use assets | 25,745  |
| Decrease in net assets  | 941     |
| Impact on statement of comprehensive income                         |         |
| Increase in finance costs   | 1,985   |
| (Increase) / decrease in management expenses:                       |         |
| - Depreciation on right-of-use assets                               | 3,300   |
| - Rent, rates and taxes   | (3,960) |
| Decrease in profit before tax                                       | 1,325   |
| Decrease in tax expense   | 384     |
| Decrease in profit after tax  | 941     |

# Practical expedients applied

In applying IFRS 16 for the first time, the Company has used the following practical expedients permitted by the standard:

- the use of a single discount rate to a portfolio of leases with reasonably similar characteristics;
- reliance on previous assessments on whether leases are onerous as an alternative to performing an impairment review;
- the accounting for operating leases with a remaining lease term of less than 12 months as at January 1, 2019 as short-term leases; and
- the exclusion of initial direct costs for the measurement of the right-of-use asset at the date of initial application.

The Company has also elected not to reassess whether a contract is, or contains a lease at the date of initial application. Instead, for contracts entered into before the transition date the Company relied on its arrangement made applying IAS 17 for determining whether an arrangement contains a Lease.

3.2 During the year, the Company has changed its accounting policy in respect of subsequent measurement of the carrying amounts of investment properties subsequent to initial recognition. In this respect, the Company has decided to follow the fair value model as allowed under International Accounting Standard "Investment Property" (IAS 40). In accordance with the revised policy, investment properties of the Company shall be carried at revalued amount, being their fair value at the date of the revaluation less any subsequent impairment losses. Previously, the investment properties were carried at their cost less accumulated depreciation and accumulated impairment losses. In the opinion of the management, the revised policy will result in a more realistic reflection of the value of these properties in the statement of financial position. The fair value changes arising from investment properties have been adjusted in the opening unappropriated profit net of related deferred tax as disclosed below.

Above retrospective adjustments have been made in the statement of financial position and statement of changes in equity and comparatives have been restated as follows:

|                           | December<br>31, 2017 | Change   | January 1,<br>2018 | December<br>31, 2018 | Change    | January 1,<br>2019 |
|---------------------------|----------------------|----------|--------------------|----------------------|-----------|--------------------|
|                           |                      |          | (Rupee             | s in '000)           |           |                    |
| Investment properties     | 179,346              | 124,227  | 303,573            | 169,754              | 187,196   | 356,950            |
| Deferred taxation asset / |                      |          |                    |                      |           |                    |
| (liability)               | 13,902               | (37,268) | (23,366)           | 32,700               | (54, 287) | (21,587)           |
| Unappropriated profit     | 172,622              | 86,959   | 259,581            | 331,654              | 132,909   | 464,563            |

Had the accounting policy not been changed, investment properties, deferred taxation and earning per share would have been lower by Rs. 216.505 million, Rs. 62.787 million and Rs. 0.074 (2018: Rs. 187.196 million, Rs. 54.287 million and Rs. 0.198) respectively. The revised accounting policy is disclosed in note 3.15 to the financial statements.

During the year, the Company has changed its accounting policy in respect of subsequent measurement of the carrying amounts of buildings and its related leasehold improvements subsequent to initial recognition. In this respect the Company has decided to follow the revaluation model as allowed under International Accounting Standard "Property, Plant and Equipment" (IAS 16). In accordance with the revised policy the buildings and its related leasehold improvements of the Company shall be carried at revalued amount, being their fair value at the date of the revaluation less any subsequent accumulated depreciation and subsequent impairment losses. Revaluation of these assets shall be carried out with sufficient regularity to ensure that the carrying amount does not differ materially from that which would be determined using fair value at the reporting date. Previously, the buildings and its related leasehold improvements were carried at their cost less accumulated depreciation and accumulated impairment losses. In the opinion of the management, the revised policy will result in a more realistic reflection of the value of these assets in the statement of financial position. Surplus arising due to change in the value of buildings and its related leasehold improvements has been recognised prospectively. The revaluation of these assets resulted in surplus of Rs. 397.152 million as at the date of revaluation.

The revised accounting policy is disclosed in note 3.16 to the financial statements.

Had the accounting policy not been changed, the property and equipment and deferred taxation would have been lower by Rs. 441.279 million and Rs. 127.971 million respectively and earning per share would have been higher by Rs. 0.073.

# 3.4 Insurance contracts

3.3

insurance contracts are those contracts where the Company (the insurer) has accepted significant insurance risk from another party (the policy holders) by agreeing to compensate the policy holders if a specified uncertain future event (the insured event) adversely affects the policy holders.

The Company enters into fire and property damage, marine, motor, health, burglary, loss of cash in transit, travel, personal accident, engineering losses and other insurance contracts with corporate clients and individuals residing or located in Pakistan.

Once a contract has been classified as an insurance contract, it remains an insurance contract for the remainder of its lifetime, even if the insurance risk reduces significantly during this period, unless all rights and liabilities are extinguished or expired.

The Company neither issues investment contracts nor does it issue insurance contracts with Discretionary Participation Features (DPF).

#### 3.5 Premium

Premium received / receivable under a policy is recognised as written from the date of attachment of the risk to the policy to which it relates. Where the pattern of incidence of risk varies over the period of the policy, premium is recognised as revenue in accordance with the pattern of the incidence of risk. The portion of premium written relating to the unexpired period of coverage is recognised as unearned premium by the Company. This liability is calculated by applying 1/24 method as specified in the Insurance Rules, 2017.

Premium income includes administrative surcharge that represents documentation and other charges recovered by the Company from policy holders in respect of policies issued, at the rate of 5% of the premium written restricted to a maximum of Rs. 5,000 per policy.

Receivables under insurance contracts are recognised when due, at the fair value of the consideration receivable less provision for doubtful debts, if any. If there is an objective evidence that the receivables are impaired, the Company reduces the carrying amount of the receivables and recognises that impairment loss in the statement of comprehensive income.

#### 3.6 Reinsurance ceded

Insurance contracts entered into by the Company with reinsurers for compensation of losses suffered on insurance contracts issued, are reinsurance contracts. These reinsurance contracts include both facultative and treaty arrangement contracts.

The Company enters into reinsurance contracts in the normal course of business in order to limit the potential for losses arising from certain exposures. Outward reinsurance premiums are accounted for in the same period as the related premiums for the direct or accepted reinsurance business being reinsured.

AHCO

Reinsurance liabilities represent balances due to reinsurance companies. Amounts payable are estimated in a manner consistent with the related reinsurance contract. Reinsurance assets represent balances due from reinsurance companies. Amounts recoverable from reinsurers are estimated in a manner consistent with the provision for outstanding claims or settled claims associated with the reinsurance policies and are in accordance with the related reinsurance contract.

Reinsurance assets are not offset against related insurance liabilities. Income or expenses from reinsurance contracts are not offset against expenses or income from related insurance assets.

Reinsurance assets or liabilities are derecognised when the contractual rights are extinguished or expired.

The Company assesses its reinsurance assets for impairment on the reporting date. If there is an objective evidence that the reinsurance asset is impaired, the Company reduces the carrying amount of the reinsurance asset to its recoverable amount and recognises that impairment loss in the statement of comprehensive income.

# 3.7 Claims expense

General insurance claims include all claims occurring during the year, whether reported or not, related internal and external claims handling costs that are directly related to the processing and settlement of claims, a reduction for the value of salvage and other recoveries and any adjustments to claims outstanding from previous years.

The Company recognises liability in respect of all claims incurred upto the reporting date which is measured at the undiscounted value of the expected future payments. The claims are considered to be incurred at the time of the incident giving rise to the claim except as otherwise expressly indicated in an insurance contract. The liability for claims include amounts relating to unpaid reported claims, claims incurred but not reported (IBNR) and expected claims settlement costs.

The provision for Incurred But Not Reported (IBNR) claims is determined by the Company as required under circular No. 9 of 2016 issued by the SECP. As per the SECP circular No. 9 of 2016 an insurer shall estimate IBNR claims reserve based on the prescribed method provided in the guidelines. Guidelines also allows the use of any other alternative method of determining IBNR, if found more suitable for the risk class, provided that the amount estimated under the alternative method shall not be less than the amount calculated under prescribed method. The prescribed method for estimating IBNR claim reserve is the chain ladder method based on paid claims hereinafter called 'Incurred But Not Paid' or 'IBNP'. The Basic Chain Ladder (BCL) method uses a run off triangle to estimate the development factors for each accident period which are further used to estimate the ultimate paid claims. Data from settlement registers are used in the BCL models. Lags are determined to be the difference between the 'date of loss' and 'date of claim payment'. Monthly lags are used since it reflects the claim development pattern within a given year and the back testing supports the same. Once IBNP has been determined using BCL, the outstanding claims are deducted to arrive at IBNR on paid basis.

Under alternative method IBNR is determined on reported basis, IBNR (reported basis) is much similar to IBNR (paid basis) but is calculated using a different methodology. It does not use either IBNP or outstanding claims to estimate IBNR rather, is determined using BCL method. Development factors are determined for each accident period to estimate the ultimately reported claims directly. Intimation registers are used in the BCL model where lags are calculated as the difference between the 'date of loss' and 'date of intimation'.

The analysis is carried out separately for each class of business and results determined through this alternative method are compared to the results of prescribed method and higher of the two are set as the final reserve.

#### 3.8 Reinsurance recoveries against claims

Claim recoveries receivable from the reinsurer are recognised as an asset at the same time as the claims which give rise to the right of recovery are recognised as a liability and are measured at the amount expected to be received.

# 3.9 Commission and other acquisition costs

Commission expense and other acquisition costs are charged to the statement of comprehensive income at the time the policies are accepted. This expense is deferred and brought to statement of comprehensive income as an expense in accordance with the pattern of recognition of the gross premium to which it relates. Commission expense is arrived at after taking the impact of opening and closing deferred commission.

Commission income from reinsurers is recognised at the time of issuance of the underlying insurance policy by the Company. This income is deferred and brought to statement of comprehensive income as revenue in accordance with the pattern of recognition of the reinsurance premium to which it relates. Commission from reinsurers is arrived at after taking the impact of opening and closing unearned commission. Profit commission, if any, which the Company may be entitled to under the terms of reinsurance, is recognised on accrual basis.

#### 3.10 Premium deficiency reserve

The Company is required as per Insurance Rules, 2017 to maintain a provision in respect of premium deficiency for the class of business where the unearned premium liability is not adequate to meet the expected future liability, after reinsurance, from claims and other supplementary expenses expected to be incurred after the reporting date in respect of the unexpired policies in that class of business at the reporting date. The movement in the premium deficiency reserve is recorded as an expense / income in the statement of comprehensive income for the year.

At each reporting date, liability adequacy tests are performed separately for each class of business to ensure the adequacy of the unearmed premium liability for that class. It is performed by comparing the expected future liability, after reinsurance, from claims and other expenses, including reinsurance expense, commissions and other underwriting expenses, expected to be incurred after reporting date in respect of policies in force at reporting date with the carrying amount of unearmed premium liability. Any deficiency is recognised by establishing a provision (premium deficiency reserve) to meet the deficit. The expected future liability is estimated with reference to the experience during the expired period of the contracts, adjusted for significant individual losses which are not expected to recur during the remaining period of the policies, and expectations of future events that are believed to be reasonable. The expected ultimate net claim ratios for the unexpired periods of policies in force at reporting date for each class of business is as follows:

| Fire and property damage       | 56% |
|--------------------------------|-----|
| Marine, aviation and transport | 35% |
| Motor                          | 45% |
| Health                         | 94% |
| Miscellaneous                  | 37% |

Based on an analysis of combined operating ratio for the expired period of each reportable segment, the management considers that the unearned premium reserve for all classes of business as at the year end is adequate (except for health class) to meet the expected future liability after reinsurance, from claims and other expenses, expected to be incurred after the reporting date in respect of policies in those classes of business in force at the reporting date.

The Company has recorded premium deficiency reserve on the recommendation of actuary for health business.

#### 3.11 Creditors, accruals and provisions

Liabilities for creditors and other amounts payable are carried at cost which is the fair value of the consideration to be paid in the future for the services received, whether or not billed to the Company.

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

# 3.12 Taxation

#### Current

Provision of current tax is based on the taxable income for the year determined in accordance with the prevailing law for taxation of income. The charge for current tax is calculated using prevailing tax rates or tax rates expected to apply to the profit for the year, if enacted. The charge for current tax also include adjustments, where considered necessary, to provision for tax made in previous years arising from assessments finalised during the current period for such years.

#### Deferred

Deferred tax is accounted for using the balance sheet method in respect of all temporary differences at the reporting date between the tax bases and carrying amounts of assets and liabilities for financial reporting purposes. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax is charged or credited to the statement of comprehensive income.

# 3.13 Cash and cash equivalents

Cash and cash equivalents are carried in the statement of financial position at cost. For the purposes of cash flow statement, cash and cash equivalents comprise cash in hand, deposits with banks, stamps in hand, term deposits with maturity of less than three months and short term finances.

#### 3.14 Investments

- 3.14.1 All investments are initially recognised at cost, being the fair value of the consideration given and include transaction cost, except for investments at fair value through profit or loss in which case transaction costs are charged to the statement of comprehensive income. These are classified into the following categories:
  - Investment at fair value through profit or loss
  - Held to maturity
  - Available for sale

#### 3.14.1.1 Investments at fair value through profit or loss

These financial assets are acquired principally for the purpose of generating profit from short-term fluctuation in prices or are part of a portfolio for which there is a recent actual pattern of short-term profit taking

Subsequent to initial recognition these are measured at fair value by reference to quoted market prices with the resulting gain or loss being included in net profit or loss for the period in which it arises.

#### 3.14.1.2 Held to maturity

Investments with fixed maturity that the management has the intent and ability to hold to maturity are classified as held to maturity and are initially measured at cost being the fair value of the consideration given and include transaction cost. At subsequent reporting dates, these are measured at amortised cost using the effective yield method.

Any premium paid or discount availed on acquisition of held to maturity investments is deferred and amortised over the term of the investment using the effective yield.

Income from held to maturity investments is recognised on a time proportion basis taking into account the effective yield on the investments.

The difference between the redemption value and the purchase price of the held to maturity investments is amortised and taken to the statement of comprehensive income over the term of the investment.

#### 3.14.1.3 Available for sale

Available for sale investments are those non-derivative investments that are designated as available for sale or are not classified in any other category. Subsequent to initial recognition, these are stated at market value. The Company uses stock exchange quotation at the reporting date to determine the market value of its quoted investments and MUFAP rates to compute market value of government securities.

Dividend income and entitlement of bonus shares are recognised when the Company's right to receive such dividend and bonus shares is established.

# 3.14.1.4 Loans and other receivables

These are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Subsequent to initial recognition these are measured at amortised cost.

# 3.14.1.5 Date of recognition

Regular way purchases and sales of investments that require delivery within the time frame established by regulations or market convention are recognised at the trade date. Trade date is the date on which the Company commits to purchase or sell the investment.

AHCO

#### 3.15 Investment property

Investment property is held for earning rentals and capital appreciation. Investment property is accounted for under the fair value model in accordance with International Accounting Standards (IAS) 40, "Investment property".

Investment properties, principally office buildings, are held for long-term rental yields. These are carried at fair value. The changes in fair values are presented in the statement of comprehensive income as part of other income.

#### 3.16 Operating assets

#### Tangible

These are stated at cost less accumulated depreciation and accumulated impairment losses other than buildings. Buildings are stated at revalued amounts less accumulated depreciation and accumulated impairment losses (if any).

Depreciation on all operating assets is charged to the statement of comprehensive income using the straight line method so as to write-off depreciable amount of an asset over its useful life. Depreciation on additions to fixed assets is charged from the month in which an asset is acquired or capitalised, while no depreciation is charged for the month in which the asset is disposed of.

The assets' residual values and useful lives are reviewed, at each financial year end, and adjusted, if impact on depreciation is significant. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the items will flow to the Company and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to statement of comprehensive income in the period in which they are incurred.

The gain or loss on disposal of an asset represented by the difference between the sale proceeds and the carrying amount of the asset is recognised as an income or expense.

An increase arising on revaluation is credited to the surplus on revaluation of property and equipment. A decrease arising on revaluation of fixed assets is adjusted against the surplus of that asset or, if no surplus exists, is charged to the statement of comprehensive income as an impairment of the asset. A surplus arising subsequently on an impaired asset is reversed through the statement of comprehensive income up to the extent of the original impairment. Each year, the difference between depreciation based on the revalued carrying amount of the asset charged to the statement of comprehensive income and depreciation based on the asset's original cost, net of tax, is reclassified from revaluation surplus on property and equipment to unappropriated profit.

#### Intangible

Software development cost are only capitalised to the extent that future economic benefits are expected to flow to the entity. Intangible assets with finite useful lives are stated at cost less accumulated amortisation and accumulated impairment losses, if any, intangible assets with indefinite useful lives are stated at cost less impairment losses, if any.

Amortisation is charged to statement of comprehensive income using the straight line method.

#### 3.17 Staff retirement benefits

#### 3.17.1 Defined contribution plan

The Company operates an approved contributory provident fund for all permanent employees. Equal monthly contributions are made by the Company and employees to the fund at the rate of 10 percent of basic salary.

# 3.17.2 Defined benefit plan

All permanent employees of the Company participate in an approved funded defined gratuity plan. Contributions to the fund are made based on actuarial recommendations. The most recent actuarial valuation was carried out as at December 31, 2019 using the Projected Unit Credit Method. Amounts arising as a result of 'Remeasurements', representing the actuarial gains and losses and the difference between the actual investment returns and the return implied by the net interest cost are recognised in the statement of financial position immediately, with a charge or credit to 'Other Comprehensive Income' in the periods in which they occur.

# 3.17.3 Accumulating compensated absences

Provisions are made annually to cover the obligation for accumulating compensated absences and are charged to statement of comprehensive income.

升co

#### 3.18 Impairment of assets

The management assesses at each reporting date whether there is an objective evidence that the financial assets or a group of financial assets are impaired. The carrying value of assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, the recoverable amount of such asset is estimated. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount.

#### 3.19 Financial instruments

All the financial assets and financial liabilities are recognised at the time when the Company becomes a party to the contractual provisions of the instrument and are derecognised when the Company loses control of contractual rights that comprise the financial assets and in the case of financial liabilities when the obligation specified in the contract is discharged, cancelled or expired. At the time of initial recognition all financial assets and financial liabilities are measured at cost, which is the fair value of the consideration given or received for it. Any gain or loss on derecognition of financial assets and financial liabilities is taken to the statement of comprehensive income in the period in which financial instrument is derecognised.

#### 3.20 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the financial statements only when there is a legally enforceable right to set-off the recognised amount and the Company intends either to settle on a net basis or to realise the assets and to settle the liabilities simultaneously.

#### 3.21 Segment reporting

A business segment is a distinguishable component of the Company that is engaged in providing services that are subject to risks and returns that are different from those of other business segments. The Company accounts for segment reporting of operating results using the classes of business as specified under the Insurance Ordinance, 2000 and the Insurance Rules, 2017. The reported operating segments are also consistent with the internal reporting provided to Board of Directors which are responsible for allocating resources and assessing performance of the operating segments. The performance of segments is evaluated on the basis of underwriting results of each segment.

The Company has five primary business segments for reporting purposes namely fire, marine, motor, health and miscellaneous.

The perils covered under fire insurance include damages caused by fire, riot and strike, explosion, earthquake, atmospheric damage, flood, electric fluctuation and terrorism.

Marine insurance provides coverage against cargo risk, war risk and damages occurring in inland transit.

Motor insurance provides comprehensive car coverage and indemnity against third party loss.

Health insurance provides coverage against expenses incurred during the hospitalisation due to sickness, emergency and accidents.

Miscellaneous insurance provides cover against burglary, loss of cash in safe and cash in transit, travel, personal accident, money, engineering losses, live stocks, crops and other covers.

Financing, investment and income taxes are managed on an overall basis and are therefore, not allocated to any segment.

Assets, liabilities and capital expenditures that are directly attributable to segments have been assigned to them. Those assets and liabilities which can not be allocated to a particular segment on a reasonable basis are reported as unallocated corporate assets and liabilities.

#### 3.22 Impairment of non-financial assets

The carrying values of the Company's non-financial assets are reviewed at each financial year end for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable. If any such indication exists, and where the carrying values exceed the estimated recoverable amount, the assets are written down to their recoverable amount. The resulting impairment loss is taken to the statement of comprehensive income.

AH,0

#### 3.23 Foreign currency transactions and translations

Foreign currency transactions are translated into Pak Rupees at the exchange rates prevailing on the date of transaction. Monetary assets and liabilities in foreign currencies are translated into Pak Rupees at the exchange rates prevailing at the reporting date. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using exchange rates at the date when the fair value was determined. Exchange gains or losses are included in income currently.

# 3.24 Right-of-use assets and their related lease liability

#### Right-of-use assets

On initial recognition, right-of-use assets are measured at an amount equal to initial lease liability adjusted for any lease payments made at or before the commencement date, plus any initial costs incurred and an estimate of costs to be incurred to dismantle and remove the underlying asset or the site on which it is located.

Right-of-use assets are subsequently stated at cost less any accumulated depreciation / accumulated impairment losses and are adjusted for any remeasurement of lease liability. The remeasurement of lease liability will only occur in cases where the terms of the lease are changed during the lease tenure.

Right-of-use assets are depreciated over their expected useful lives using the straight-line method. Depreciation on additions (new leases) is charged from the month in which leases are entered into. No depreciation is charged in month in which the leases mature or are terminated.

#### Lease liability against right-of-use assets

The lease liabilities are initially measured as the present value of the remaining lease payments, discounted using the interest rate implicit in the lease, or if that rate cannot be readily determined, the Company's incremental borrowing rate

The lease liability is subsequently measured at amortised cost using the effective interest rate method. The lease liability is also measured to reflect any remeasurement or change in lease terms. These remeasurement of lease liabilities are recognised as adjustments to the carrying amount of related right-of-use assets after the date of initial recognition.

Each lease payment is allocated between a reduction of the liability and a finance cost. The finance cost is charged to the statement of comprehensive income as financial charges over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

### 3.25 Share capital

Ordinary shares are classified as equity and recognised at their face value. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

#### 3.26 Expenses of management

Expenses of management allocated to the underwriting business represent directly attributable expenses and indirect expenses allocated to the various classes of business on the basis of gross premium revenue. Expenses not allocable to the underwriting business are charged as administrative expenses

# 3.27 Dividends and appropriations to reserves

Dividends and appropriations to reserves are recorded in the period in which these are approved.

# 3.28 Earnings per share

The Company presents basic and diluted earnings per share (EPS) for its shareholders. Basic EPS is calculated by dividing the profit or loss attributable to the ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by adjusting the profit or loss attributable to the ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, if any.

AHCO

# 4 CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of these financial statements is in conformity with accounting and reporting standards as applicable in Pakistan requires management to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities and income and expenses. It also requires management to exercise judgment in application of its accounting policies. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods.

Significant accounting estimates and areas where judgments were made by the management in the application of accounting policies are as follows:

- Provision for outstanding claims including IBNR (notes 3.7 and 24);
- Provision for taxation and deferred tax (notes 3.12, 20 and 30);
- Defined benefit plan (notes 3.17.2 and 14);
- Fair values of buildings (notes 3.16, and 7);
- Fair values of investment properties (notes 3.15 and 7);
- useful lives, residual value and depreciation method of property and equipment, intangible assets (notes 3.16, 5 and 6);
- Premium deficiency reserve (note 3.10);
- Classification of investments and its impairment (notes 3.14, 8, 9 and 10);
- Reinsurance recoveries against outstanding claims (notes 3.8); and
- Provision against premium due but unpaid and amount due from other insurers / reinsurers (notes 3.5, 13.3 and 13.4).

#### 14 RETIREMENT BENEFITS OBLIGATIONS

# 14.1 Defined benefit plan - Gratuity Fund

The Company offers an approved gratuity fund for all employees. Annual contributions are made to the fund on the basis of actuarial recommendations. The gratuity is governed under the Trust Act, 1882, the Trust Deed and the Rules of the Fund, the Income Tax Ordinance, 2001, the Income Tax Rules, 2002 and the applicable local regulations. An actuarial valuation is carried out every year to determine the liability of the Company in respect of the benefit. The most recent valuation in this regard has been carried out as at December 31, 2019 using the Projected Unit Credit (PUC) Actuarial Cost Method as allowed under the international Accounting Standard (IAS) 19 - 'Employee Benefits' for valuation of the Fund.

The Company faces the following risks on account of gratuity fund:

#### Final salary risks

The risk that the final salary at the time of cessation of service is greater than what was assumed. Since the benefit is calculated on the final salary, the benefit amount would also increase proportionately.

#### Asset volatility

Most assets are invested in risk free investments. However, investments in shares, are subject to adverse fluctuation as a result of change in market price.

#### Discount rate fluctuation

The plan liabilities are calculated using a discount rate set with reference to corporate bond yields. A decrease in corporate bond yields will increase plan liabilities, although this will be partially offset by an increase in the value of the current plan's bond holdings.

#### Investment risks

The risk of the investment underperforming and not being sufficient to meet the liabilities. The risk is mitigated by closely monitoring the performance of investment.

#### Mortality risks

The risk that the actual mortality experience is different. The effect depends on the beneficiaries' service / age distribution and the benefit.

# Longevity risks

The risk arises when the actual lifetime of retirees is longer than expectation. This risk is measured at the plan level over the entire retiree population.

#### Withdrawal risks

The risk of higher or lower withdrawal experience than assumed. The final effect could go either way depending on the beneficiaries' service / age distribution and the benefit.

AHC.

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant assumptions, same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the gratuity liability.

# 14.1.8 Plan assets comprise of the following:

Equity investments
Cash and bank deposits
Government securities
Fair value of plan assets

| 2019<br>Rupees in '000 | Percentage 2018 | Percentage composition |        |
|------------------------|-----------------|------------------------|--------|
| 16,545                 | 17,49%          | 14,526                 | 18.75% |
| 967                    | 1.02%           | 16,809                 | 21.70% |
| 77,108                 | 81.49%          | 46,133                 | 59.55% |
| 94,620                 | 100%            | 77,468                 | 100%   |

14.1.9 As per the actuarial recommendations, the expected return on plan assets was taken as 11.25% (2018: 13.75%), which is representative of yields on long-term Government bonds. Due to the increased volatility of share prices in recent months, there is no clear indication of return on equity. It is therefore assumed that the yield on equity matches the return on debt.

Based on actuarial advice, the Company intends to charge an amount of Rs 16.209 million in the financial statements for the year ending December 31, 2020.

The Expected Contribution for the next one year should take into account the maximum annual contribution limit set by the Income Tax Rules, 2002 i.e. the basic payroll of the last month of the financial year end. If the contribution exceeds the limit defined in the Income Tax Rules, the Company may apply to the Commissioner of Inland Revenue (CIR) for special contribution for the excess amount. The Expected Gratuity Expense is around 8.55% of annual salary which is greater than the maximum allowable limit of 8.33%. Therefore, the Company may contribute up to Rs. 15.8 million during 2020.

# 14.1.10 Expected maturity analysis of undiscounted defined benefit obligation for the gratuity scheme is as follows:

|                  | Less than a year | Between<br>1-2 Years | Between<br>2-5 years<br>Rupees in '000 | Over<br>5 years | Total           |
|------------------|------------------|----------------------|--|-----------------|-----------------|
| 2019<br>Gratuity | 3,701            | 8,637                | 24,338                                 | 529,944         | 566,620         |
| 2018<br>Gratuity | 1,960            | 3,768                | 31,334                                 | 665,217         | <b>7</b> 02,279 |

#### 14.1.11 Historical data on the deficit / (surplus) of the plan is as follows:

|   | 2018     | 2017           | 2016     |
|---|----------|----------------|----------|
|   | (R       | upees in '000) |          |
| Present value of defined benefit obligation | 113,983  | 98,685         | 84,971   |
| Fair value of plan assets                   | (94,620) | (77,468)       | (72,552) |
| Deficit / (surplus)                         | 19,363   | 21,217         | 12,419   |

#### 14.2 Defined contribution plan - Provident Fund

Current accounts Savings accounts

The Company has set up a provident fund for its permanent employees and contributions were made by the Company to the Trust in accordance with the requirements of Section 218 of the Companies Act, 2017. The total charge against provident fund for the year ended December 31, 2019 was Rs. 15.352 million (December 31, 2018: Rs. 13.251 million). The net assets based on unaudited financial statements of Provident Fund as at June 30, 2019 are Rs. 96.069 million out of which 81% were invested in different financial instruments categories as provided in Section 218 of the Companies Act, 2017 and the rules formulated therein. The carrying value of the investments of the provident fund as at June 30, 2019 (unaudited) was Rs. 105.076 million. The above investments out of provident fund have been made in accordance with the requirements of Section 218 of the Companies Act, 2017 and the rules formulated for this purpose.

## 22 CONTINGENCIES AND COMMITMENTS

20

- 22.1 The Company is defending a suit against it by M/s Nawaz Enterprises for recovery of Rs. 9.45 million on account of insurance claim. The management, based on a advice of the legal counsel, is confident that the outcome of the case is likely to be in favor of the Company.
- 22.2 The Company is defending a suit filed against it and the beneficiary by the Federation of Pakistan amounting to Rs. 4.929 million. The petition is pending for hearing before Civil Court judge. The management, based on a advice of the legal coursel, is hopeful that the outcome of the case is likely to be decided in favor of the Company.
- 22.3 An appeal was filed before the Commissioner Appeals, the Sindh Revenue Board (SRB) against the order passed by the Assistant Commissioner, SRB under section 23(1) of the Sindh Sales Tax on Services Act, 2011 for tax periods July 2011 to December 2012 in respect of re-insurance accepted transactions which was decided against the Company. The department alleged that the Company provided re-insurance services to local insurance companies and demanded Sindh sales tax on services under Sindh Sales Tax on Services Act, 2011. The Commissioner Appeals had decided the matter against the company. Against the order of the Commissioner Appeals, further appeal had been filed before the Appellate Tribunal, SRB on January 16, 2015, which was also decided against the Company. The Company had filed an appeal in the Honourable High Court of Sindh which is pending adjudication. The management, based on a advice of the legal counsel, is hopeful that the outcome of the case will be decided in favor of the Company.
- 22.4 During the prior year, the Sindh Revenue Board (SRB) raised a demand of tax of Rs 430.412 million under section 23(1) of Sindh Sales Tax on Services Act (SSTA), 2011, in respect of sales tax on reinsurance obtained from foreign reinsurers by the Company. The department has also imposed a penalty of Rs 21.520 million.

The department alleged that the Company has received re-insurance services from foreign re-insurance companies for the period from July 2011 to December 2014 and it is the contention of the department that these services are liable to sales tax under SSTA, 2011. The department attached the Company's bank account and directed the Company's banker to issue pay orders to SRB. The pay orders of Rs 58.028 million from the Company's bank account were issued by the Company's banker on December 27, 2018 upon direction of SRB.

The Company has filed an appeal before the Commissioner Appeals on December 28, 2018 against the above order. The management in hearings held, during the year, before the Commissioner (Appeals) SRB has submitted that:

- The payments to foreign re-insurance companies are not a service and is merely a re-distribution of the insurance risk and therefore the insurance premium. There is no value addition involved since in essence it is a sharing of the insurance risk between the insurer and re-insurers. The Management believes that the gross premium charged by the insurer was already subject to Sales Tax on the gross amount, hence it is illogical to again subject it to sales tax upon its re-distribution keeping in view the fact that neither any service is being provided to the policy holder nor any value addition is being made.
- These risk sharing arrangements have been made by the Company with the re-insurance companies incorporated outside Pakistan with no legal or physical presence therefore it is the view that the provisions of Sindh Sales Tax laws are not applicable to these type of arrangements and are outside the jurisdiction of Sindh Sales Tax laws.

The management believes that even if it is assumed that Sindh Sales Tax on re-insurance provided to insurer / insurance companies is applicable, the law does not provide any mechanism for calculating the basis on which such tax will be imposed and its related payment and the same would have been claimed as adjustable input tax by the Company against its output tax liability.

The Company had also filed a constitutional petition before the Honourable High Court of Sindh at Karachi (the Court) on December 28, 2018 seeking protection from the above mentioned coercive action taken by the tax department. The Court had suspended the above mentioned attachment notice and also instructed the bank that the said pay orders should not be encashed.

Subsequent to the year end, the Court has disposed of the constitutional petition together with the other similar petitions and has ordered SRB not to enforce recovery of impugned demand before expiry of seven days of the receipt of the final decision in appeal or stay application by the Commissioner (Appeals) SRB, whichever is earlier.

The management, based on the advice received from their tax and legal advisors, is confident that this matter is likely to be decided in favour of the Company. The Company has recorded Rs 58.028 million as 'other receivable' in these financial statements.

The contingencies relating to taxation are given in note 30.2 to the financial statements.

## 24.1 Claims development tables

The following table shows the development of fire claims over a period of time. The disclosure goes back to the period when the earliest material claim arose for which there is still uncertainty about the amount and timing of the claims payments. For other classes of business the uncertainty about the amount and timings of claims payment is usually resolved within a year.

## Analysis on gross basis

## 30.2 Taxation

30.2.1 The Company has a group taxation policy with its Holding Company under section 59AA of the Income Tax Ordinance, 2001 under which payments of tax are made through Holding Company.

The income tax assessments of the Company have been finalised up to and including the tax year 2017. However, the Company has filed appeals in respect of certain assessment years which mainly relate to the following:

30.2.2 While finalising the assessment for the year 1999-2000 the Taxation Officer had not allowed credit for tax paid under section 54 amounting to Rs. 3 million for which rectification application is filed which is pending.

The Company has also filed applications in respect of certain mistakes made in the orders passed under section 124 of the Income tax Ordinance for 2001-2002 and 2002-2003. The applications filed were rejected by the T.O. against which appeals had been filed with the CIT (A) which are pending.

The Additional Commissioner of Income Tax (AC) has issued notice under section 122 (5A) of the Income Tax Ordinance, 2001 in respect of the tax year 2005 and 2006 whereby he has proposed to disallow claim of expenses and exemption in respect of gain on sale of shares and taxed income from associates. Against the above notice, the Company has filed a constitutional petition before the Honorable High Court. The regular hearing of petition is currently pending with the High Court.

30.2.3 In respect of tax year 2007, all significant issues involved amounting to Rs. 7 billion were decided in favor of the Company by CIR(A) and then by the ATIR. However, no appeal effect order has been passed. Further, certain matters amounting to Rs. 82 million that were remanded back to DCIR by the CIR(A) were not decided upon by the High Court. The Company has written a letter to the taxation officer for passing appeal effect orders. The department had filed Income Tax Reference Application before Honorable High Court of Sindh against the deletion of the addition made on account of re-characterisation of actual realized capital gain. The said Income Tax Reference Application was heard by Honorable High Court and the judgment has been passed in favour of the Company.

The tax department has further filed a civil petition before the Honorable Supreme Court of Pakistan against the judgement of the Honorable High Court which is pending adjudication.

30.2.4 In case of tax year 2008, the Additional Commissioner Audit Division-II had issued notice under section 122 (5A) of the Ordinance for passing an amended order on certain issues. The Company filed a writ petition before the Honorable High Court of Sindh which dismissed the petition by directing the Company to submit its responses to the assessing authority. Moreover, the Honorable High Court had directed the assessing authority to pass the order, preferably within two months of the service of the Court's order, strictly in accordance with law keeping in view the provisions relating to insurance business and the decisions of the High Court and the Supreme Court on the subject issues. However, to-date no notice has been received from the taxation authorities.

The additional Commissioner Audit zone III LTU Karachi issued another notice under section 122(5A) of the Ordinance in May 14, 2014 and passed an amended assessment order under section 122(5A) by disallowing provision for IBNR and allocation of expense against capital gains and dividend income. As a result of amended assessment demand of Rs. 63.166 million was created. Against the disallowances made by the ACIR, the Company has filed an appeal before the Commissioner Inland Revenue (Appeals) and also filed an application for stay of demand. Pursuant to the stay application, the CIR(A) has granted stay of demand to the Company. Against the above disallowance, the company filed an appeal before the learned Appellate Tribunal Inland Revenue. Further, the company challenged the assessment order on the ground that the assessment was barred by limitation of time. Moreover, the department filed a cross appeal before the ATIR challenging the relief granted by the CIR(A). The ATIR has decided both the appeals on the point of limitation of law as contained under section 122(2) of the Ordinance and have decided the appeal in favor of the company. Moreover, the departmental appeal has also been rejected being treated as infructuous. The department has filed a reference application before the Sindh High Court against the order of the ATIR which is pending adjudication.

Moreover, pursuant to the decision of the CIR(A), the ACIR has passed an appeal effect order duly incorporating the relief granted by the CIR(A) in respect of allocation of expenses and tax refundable of Rs. 18.030 million has been determined.

30.2.5 In case of tax year 2009, the Deputy Commissioner of Inland Revenue (DCIR) has passed the amended order under section 122(5A) of the Ordinance by disallowing provisions on account of IBNR, Unearned Commission and allocation of expenses relating to exempt income. As a result of amended assessment demand of Rs 141 million was created. The DCIR has made certain errors in the order for which application for rectification was filed. Rectified order under Section 221 has been passed and as a result demand has been reduced to Rs.51 million. The teamed CIR(A) has granted partial relief in respect of certain issue and confirmed certain disallowances. The company filed further appeal before the appellate tribunal inland revenue (ATIR) in respect of issues on which relief was not allowed by the CIR(A). The ATIR, pursuant to the appeals filed against the order of CIR(A), has now passed the order whereby the ATIR has confirmed disallowance made on account of provision for IBNR. Further issue of allocation of expenses against investment income has been remanded back to CIR(A). As regards, the issue of addition made on account of provision of unearned commission, the ATIR has upheld the decision of CIR(A) whereby disallowance made on this score is deleted. In respect of issues decided against the Company, a reference application was filed before honorable Sindh High Court where the IBNR issue has been decided in favor of the Company whereas remaining issues are pending adjudication.

The Additional Commissioner Inland Revenue (ACIR) has passed an amended assessment order under section 122(5A) of the Ordinance wherein tax on dividend income, commission income and property income has been charged at corporate tax rate (i.e. 35% for the year) by treating such income as business income of the company under Fourth Schedule to the Ordinance. As a result of the amended assessment demand of Rs.31.420 million was created. The Company paid an amount of Rs.10 million and obtained stay from the Commissioner Inland Revenue till 31 August 2015 in respect of payment of the remaining tax demand of Rs.21.420 million. Further, against the above treatment meted out by the ACIR, the Company has filed an appeal before the Commissioner Inland Revenue (Appeals) which is pending adjudication. The Company also filed a petition against the said order before the Honorable Sindh High Court which was disposed off with the directions that no coercive measures taken by the Tax Authorities till the decision of the CIR(A) on the appeal filed which is pending adjudication.

30.2.6 In case of tax year 2010, the Additional Commissioner Inland Revenue (ACIR) has passed an amended assessment order under section 122(5A) of the Ordinance wherein tax on dividend and property income has been charged at corporate tax rate (i.e. 35% for the year) by treating such income as business income of the Company under Fourth Schedule to the Ordinance. Further, the ACIR has disallowed provision of IBNR under section 34(3) of the Ordinance. As a result of the amended assessment demand of Rs.93.445 million has been created. The Company has filed appeal and application for stay of tax demand before the CIR(A) against the above assessment order. The Company has also filed a petition against the said order before the Honorable Sindh High Court which is pending adjudication.

Pursuant to the appeal, the learned CIR(A) vide combined appellate order No.21 and 22/A-1 dated 10 March 2016 has decided all issues in favor of the company. The tax department has filed further appeal before the Appellate Tribunal Inland Revenue(ATIR) in respect of the issues on which relief was allowed by the CIR(A) which is pending adjudication.

30.2.7 In case of tax year 2011, the Additional Commissioner Inland Revenue (ACIR) has passed an amended assessment order under section 122(5A) of the Ordinance wherein tax on dividend and property income has been charged at corporate tax rate (i.e. 35% for the year) by treating such income as business income of the company under Fourth Schedule to the Ordinance. Further, the ACIR has also disallowed provision of IBNR, claim of brought forward loss for the tax year 2008 and refund adjustments for tax years 2004 and 2009 in the amended assessment order. Moreover, Workers' Welfare Fund @ 2% of the accounting profit for the year has also been levied. As a result of the amended assessment demand of Rs.142.414 million has been created. The Company has filed appeal and application for stay of tax demand before the CIR(A) against the above assessment order.

AHCO

Pursuant to the appeal, the learned CIR(A) vide combined appellate order No. 21 & 22/A-1 dated 10 March 2016 has decided the following issues in favor of the Company-

- (a) Chargeability of tax on dividend income and property income at corporate tax rate;
- (b) Provision for IBNR;
- (c) Levy of Workers' welfare fund for the year.

As regards, credit/adjustment of refunds available to the company, the CIR(A) has remanded back the issue with the directions to verify the claim of refunds and allow the adjustment as per law. The tax department has filed further appeal before the Appellate Tribunal Inland Revenue(ATIR) in respect of the issues on which relief was allowed by the CIR(A) which is pending adjudication.

30.2.8 In case of tax year 2012, the Additional Commissioner Inland Revenue (ACIR) has passed an amended assessment order under section 122(5A) of the Ordinance wherein tax on dividend and property income has been charged at corporate tax rate (i.e. 35% for the year) by treating such income as business income of the company under Fourth Schedule to the Ordinance. Further, the ACIR has also disallowed provision of IBNR amounting to Rs. 33 million in the amended assessment order. As a result of the amended assessment, demand of Rs. 106.563 million was created. The company has obtained stay from the Honorable Sindh High court in respect of the above tax demand. Further, against the aforesaid order, the Company also filed an appeal before CIR(A) which is pending adjudication. The stay from the Honorable Sindh High Court has been disposed off subsequently with the directions that no coercive measures taken by the Tax Authorities till the decision of the CIR(A) on the appeal filed. The learned CIR(A) has passed the appellate order wherein both the aforesaid issues have been decided in favor of the Company.

The department has filed an appeal before Appellate Tribunal, Inland Revenue (ATIR) against the order passed by the CIR(A) which is pending adjudication.

- 30.2.9 In case of tax year 2013, the Additional Commissioner Inland Revenue (ACIR) has passed an amended assessment order under section 122(5A) of the Ordinance wherein tax on dividend and property income has been charged at corporate tax rate (i.e. 35% for the year) by treating such income as business income of the company under Fourth Schedule to the Ordinance. Further, the ACIR has also disallowed provision of IBNR, claim of brought forward loss for the tax year 2012 and has also made an addition on account of disposal of fixed assets at less than fair market value(FMV) in the amended assessment order. As a result of the amended assessment, demand of Rs. 95.008 million was created. Against the aforesaid order, the company has filed an appeal before CIR(A). Pursuant to the appeal, the learned CIR(A) vide appellate order No. 10/A-1 dated 05 October 2016 has decided the following issues in favor of the Company:
  - (a) Chargeability of tax on dividend income and property income at corporate tax rate;
  - (b) Provision for IBNR amounting to Rs. 33 million;
  - (c) Addition on account of disposal of fixed assets.

Further the CIR(A) has remanded back the issues in respect of adjustment of brought forward loss for the tax year 2012 and credit of workers' welfare fund paid with the return of income. The tax department has filed further appeal before the Appellate Tribunal Inland Revenue(ATIR) in respect of the issues on which relief was allowed by the CIR(A) which is pending adjudication.

30.2.10 In case of tax year 2014, case of the Company was selected for audit under section 177 of the ordinance and subsequently, the Deputy Commissioner Inland Revenue (DCIR) has passed an amended assessment order under section 122(1) of the Ordinance wherein tax on dividend income has been charged at corporate tax rate (i.e. 34% for the year) by treating such income as business income of the company under Fourth Schedule to the Ordinance. Further, the ACIR has also disallowed provision of IBNR and has also made an addition on account of disposal of fixed assets at less than Fair Market Value(FMV) and motor car expenses paid in cash under section 21(I) in the amended assessment order. As a result of the amended assessment, demand of Rs. 148.444 million was created. The Company has obtained stay from the honorable Sindh High court in respect of the above tax demand. Further, against the aforesaid order, the Company has also filed an appeal before CIR(A). The stay from the Honorable Sindh High Court has been disposed off subsequently with the directions that no coercive measures taken by the Tax Authorities till the decision of the CIR(A) on the appeal filed.

Pursuant to the appeal before CIR(A), the CIR(A) has passed the appellate order whereby issues in respect of levy of tax on dividend income at corporate tax rates, disposal of vehicles at less than FMV and levy of WWF have been decided in favor of the Company. However, issues in respect of levy of minimum tax under section 113, provision for IBNR and motor car expenses in cash has been decided against the Company. The Company has filed further appeal before the ATIR in respect of the issues decided against the Company except issue of motor car expenses paid in cash, which is pending adjudication.

AH,

30.2.11 In case of tax year 2015, the Additional Commissioner Inland Revenue (ACIR) has passed an amended assessment order under section 122(5A) of the Ordinance wherein tax on dividend and property income has been charged at corporate tax rate (i.e. 33% for the year) by treating such income as business income of the Company under Fourth Schedule to the Ordinance. Further, the ACIR has levied Super tax under section 4B of the ordinance amounting to Rs. 27.743 million and Workers' Welfare Fund for the year. As a result of the amended assessment, demand of Rest. 234.287 million was created. The Company has obtained stay from the honorable Sindh High court in respect of the above tax demand. Further, against the aforesaid order, the Company has also filed an appeal before CIR(A). The stay from the Honorable Sindh High Court has been disposed off subsequently with the directions that no coercive measures taken by the Tax Authorities till the decision of the CIR(A) on the appeal filed which is pending adjudication.

Pursuant to the appeal before CIR(A), the CIR(A) has passed the appellate order whereby issue of levy of tax on dividend income at corporate tax rates has been decided in favor of the company whereas the issue of levy of Super tax under section 4B has been decided against the company. Furthermore, the CIR(A) has remanded back the issue of levy of WWF. The company has filed further appeal before the ATIR in respect of the issue of levy of Super tax, which is pending adjudication

The ACIR also passed an appeal effect order whereby a tax demand of Rs.2,776 million was created. While passing the aforesaid order, the ACIR did not consider the impact of payment of WWF for the year amounting to Rs.3 635 million. Accordingly, a rectification application was duly filed pursuant to which the ACIR has now passed a rectified order whereby a refund of Rs.0.859 million has been created.

The ACIR also passed an order under section 221 of the Ordinance charging Super tax under section 4B amounting to Rs 27.912 million. Without prejudice to the stance in appeal, the Company made payment of Rs 20.000 million in respect of the Super tax liability under section 4B whereas the remaining Super tax demand of Rs 7.913 million was adjusted against the refund of tax year 2008. The company filed an application with the ACIR requesting to annul the order based on various legal grounds, however, no order was passed in this regard. Moreover, the Company also filed an appeal before the CIR(A) in respect of the order passed under section 221 of the Ordinance. Pursuant to the above appeal, the CIR(A) passed the appellate order wherein the action of the ACIR in charging super tax under section 221 of the Ordinance was annulled. The Company has written a letter to the concerned taxation officer for passing appeal effect order in line with the appellate order passed by the CIR(A), which is pending. The tax department has also filed further appeal before the ATIR against the order passed by the CIR(A), which is pending adjudication.

30.2.12 The case for tax year 2015 was further selected for audit under section 177 of the Ordinance. The company submitted all the information requested through the Information and Document Request (IDR) pursuant to which a show-cause notice was issued in December 2017. The Company has submitted its response in respect of the issues raised in the show-cause notice, however, no assessment order has yet been passed.

In case of tax year 2016, the Additional Commissioner Inland Revenue (ACIR) has passed an amended assessment order under section 122(5A) of the Ordinance wherein tax on dividend income has been charged at corporate tax rate (i.e. 32% for the year) by treating such income as business income of the company under Fourth Schedule to the Ordinance. Further, the ACIR has disallowed the claim of expense on account of health administrative services under section 21(c) of the ordinance and has also made an addition on account of disposal of fixed assets at less than Fair Market Value(FMV) in the amended assessment order. As a result of the amended assessment, demand of Rs. 105.190 million was created. The Company has filed stay application in respect of the above tax demand in the Honorable High Court of Sindh and also filed an appeal against the aforesaid order before the CIR(A).

Pursuant to the appeal before CIR(A), the CIR(A) has passed the appellate order whereby issues in respect of levy of tax on dividend income at corporate tax rates and disposal of vehicles at less than FMV have been decided in favor of the Company whereas the issue of non-deduction of tax on payment for health plan administrative services under section 21(c) of the Ordinance has been decided against the Company. The Company has not filed further appeal before the ATIR in respect of the issue decided against the Company.

The management and tax advisor of the Company are confident that the above matters will be decided in the Company's favor, Accordingly, no provision has been recognised in these financial statements.

#### MANAGEMENT OF INSURANCE RISK AND FINANCIAL RISK

The Company issue contracts that transfer insurance risk or financial risk or both. This section summarises the insurance risks and the way the company manages them.

#### 36.1 Insurance risk

The Company accepts the insurance risk through its insurance contracts where it assumes the risk of loss from persons or organisations that are directly subject to the underlying loss. The Company is exposed to the uncertainty surrounding the timing, frequency and severity of claims under these contracts. The Company manages its risk via its underwriting and reinsurance strategy within an overall risk management framework. Exposures are managed by having documented underwriting limits and criteria. Reinsurance is purchased to mitigate the effect of potential loss to the Company from individual large or catastrophic events and also to provide access to specialist risks and to assist in managing capital. Reinsurance policies are written with approved reinsurers on either a proportional or excess of loss treaty basis.

Further, the Company adopts strict claim review policies including active management and prompt pursuing of the claims, regular detailed review of claim handling procedures and frequent investigation of possible false claims to reduce the insurance risk.

#### Concentration of insurance risk

A concentration of risk may also arise from a single insurance contract issued to a particular demographic type of policyholder, within a geographical location or to types of commercial businesses. The Company minimises its exposure to significant losses by obtaining reinsurance from a number of reinsurers, who are dispersed over several geographical regions.

To optimise benefits from the principle of average and law of large numbers, geographical spread of risk is of extreme importance. There are a number of parameters which are significant in assessing the accumulation of risks with reference to the geographical location, the most important of which is risk survey.

Risk surveys are carried out on a regular basis for the evaluation of physical hazards associated with the commercial / industrial / residential occupation of the insured. Details regarding the fire separation / segregation with respect to the manufacturing processes, storage, utilities, etc. are extracted from the layout plan of the insured facility. Such details are formed part of the reports which are made available to the underwriters / reinsurance personnel for their evaluation. Reference is made to the standard construction specifications as laid down by IAP (Insurance Association of Pakistan). For instance, the presence of Perfect Party Walls, Double Fire Proof Iron Doors and physical separation between the buildings within an insured's premises. It is basically the property contained within an area which is separated by another property by sufficient distance to confine insured damage from uncontrolled fire and explosion under the most adverse conditions to that one area.

Address look-up and decoding is the essential field of the policy data interphase of IT systems. It provides instant tocation which is dependent on data collection provided under the policy schedule. All critical underwriting information is punched into the IT system / application through which a number of MIS reports can be generated to assess the concentration of risk.

The ability to manage catastrophic risk is fied to managing the density of risk within a particular area. For catastrophic aggregates, the IT system also assigns precise geographic CRESTA (Catastrophe Risk Evaluating and Standardising Target Accumulations) codes with reference to the accumulation of sums insured in force at any particular location against natural pents. A risk management solution is implemented to help assess and plan for risk in catastrophic scenarios. It provides a way to better visualise the risk exposures so the Company determines the appropriate amount of reinsurance coverage to protect the business portfolio.

For Marine risks, complete underwriting details, besides sums insured and premiums, like vessel identification, voyage input (sea / air / inland transit), sailing dates, origin and destination of the shipments, per carry limits, etc. are fed into the IT system. The reinsurance module of the IT system is designed to satisfy the requirements as laid down in the proportional treaty agreement. Shipment declarations are also endorsed on the policies. Respective reinsurance cessions are automatically made upon the posting of policy documents.

The voyage cards so maintained for the particular set of policies for a single vessel voyage are automatically logged into the system showing actual gross, treaty and net exposure, both in terms of sums insured and premiums.

## 36.1.2 Reinsurance arrangements

Keeping in view the maximum exposure in respect of key zone aggregates, a number of proportional and nonproportional reinsurance arrangements are in place to protect the net account in case of a major catastrophe. Apart from the adequate event limit which is a multiple of the treaty capacity or the primary recovery from the proportional treaty, accumulated losses on net account can also be recovered from the non-proportional treaty which is very much in line with the risk management philosophy of the Company.

In compliance of the regulatory requirement, the reinsurance agreements are duly submitted with Securities and Exchange Commission of Pakistan on an annual basis.

The Company's class wise risk exposure (based on maximum loss coverage in a single policy is as follows:

Fire and property damage Marine, aviation and transport Motor Health Miscellaneous Window Takaful Operations

| Maximum<br>sum Insured   | Reinsurance<br>cover   | Highest net |

## 36.1.3 Uncertainty in the estimation of future claims payment

Claims on general insurance contracts are payable on a claim occurrence basis. The Company is liable for all insured events that occur during the term of the insurance contract.

3,713,563

2,863,902

849,661

An estimated amount of the claim is recorded immediately on intimation to the Company. The estimation of the amount is based on the amount notified by the policy holder, management judgment or preliminary assessment by the independent surveyor appointed for this purpose. The initial estimates include expected settlement cost of the claims. For the estimation of provision of claims incurred but not reported (IBNR), the Company uses actuarial advice as more fully explained in note 3.7 to these financial statements.

There are several variable factors which affect the amount and timing of recognised claim liabilities. However, the management considers that uncertainty about the amount and timing of claim payments is generally resolved within a year. The Company takes all reasonable measures to mitigate the factors affecting the amount and timing of claim settlements. However, uncertainty prevails with estimated claim liabilities and it is likely that final settlement of these liabilities may be different from recognised amounts.

## 36.1.4 Key assumptions

The principal assumption underlying the liability estimation of IBNR and premium deficiency reserve is that the Company's future claim development will follow similar historical pattern for occurrence and reporting. The management uses qualitative judgment to assess the extent to which past occurrence and reporting pattern will not apply in future. The judgment includes external factors e.g. treatment of one-off occurrence claims, changes in market factors, economic conditions, etc.

## 36.1.5 Sensitivities

As the Company enters into short term insurance contracts, it does not assume any significant impact of changes in market conditions on unexpired risks. However, some results of sensitivity testing are set out below:

| Effect of 10% in clai       |          | Effect of 10% decrease in claims   |        |  |

#### Sensitivity analysis

Interest / mark-up rate risk is the risk that value of a financial instrument or future cash flows of a financial instrument will fluctuate due to changes in the market interest / mark-up rates. Sensitivity to interest / mark up rate risk arises from mismatches of financial assets and liabilities that mature or re-price in a given period. The Company manages these mismatches through risk management strategies where significant changes in gap position can be adjusted. Borrowing arrangements have variable rate pricing that is dependent on the Karachi Inter Bank Offer Rate (KIBOR) as indicated in respective notes. The table below summarises Company's interest rate risk as of December 31, 2019 and 2018 and shows the effects of a hypothetical 1% increase and a 1% decrease in interest rates as at the year end.

|   | Profit and Loss     |                        |
|---|---------------------|------------------------|
|   | Increase<br>(Rupees | Decrease<br>s in '000) |

## (b) Foreign currency risk

Currency risk is the risk that the value of a financial asset or liability will fluctuate due to changes in foreign currency rates. Foreign exchange risk arises mainly where receivables and payables exist due to transactions in foreign currencies. As of the reporting date, the Company does not have material assets or liabilities which are exposed to foreign currency risk.

## (ii) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting obligations associated with its financial flabilities. To guard against the risk, the Company maintains balance of cash and other equivalents and readily marketable securities. The maturity profile of assets and liabilities are also monitored to ensure adequate liquidity is maintained.

Liquidity risk is the risk that the Company may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous.

The table below analyses the Company's financial liabilities into relevant maturity groupings based on the remaining period at the reporting date to the contractual maturity date on an undiscounted cash flow basis.

| Carrying<br>amount | Contractual cash flow   | Upto one<br>year   | More than one year |

## 36.3 Credit risk

Window Takaful Operations - total liabilities

Credit risk is the risk that arises with the possibility that one party to a financial instrument will fail to discharge its obligation and cause the other party to incur a financial loss. The Company attempts to control credit risk by monitoring credit exposures by undertaking transactions with a large number of counterparties in various industries and by continually assessing the credit worthiness of counterparties.

49,301

2,889,086

49,301

2,889,086

49,301

94.616

2,794,470

Concentration of credit risk occurs when a number of counterparties have a similar type of business activities. As a result, any change in economic, political or other conditions would effect their ability to meet contractual obligations in similar manner. The Company's credit risk exposure is not significantly different from that reflected in the financial statements. The management monitors and limits the Company's exposure to credit risk through monitoring of client's exposure and conservative estimates of provisions for doubtful assets, if any. The management is of the view that it is not exposed to significant concentration of credit risk as its financial assets are adequately diversified in entities of sound financial standing, covering various industrial sectors.

| 111 |   |           |           |

The Company did not hold any collateral against the above during the year. The management continuously monitors the credit exposure towards the policyholders and other insurers / reinsurers and makes provision against those balances considered doubtful of recovery. The movement in the provision for doubtful debt account is shown in notes 13.3 and 13.4. The remaining past due balances were not impaired as they relate to a number of policy holders and other insurers / reinsurers for whom there is no recent history of default.

The credit quality of Company's bank balances can be assessed with reference to external credit ratings as follows:

|   | Rating | Rat        | ting      |
|---|--------|------------|-----------|

| Upto 1 - 2 years          | 9,740     | 2,030     |
| -0L 95                    | 151,076   | 62,750    |
|                           |           |           |

Concentration of credit risk exists when changes in economic or industry factors affect the group of counterparties whose aggregate credit exposure is significant in relation to the Company's total credit exposure. The Company's portfolio of financial assets subject to credit risk is broadly diversified and transactions are entered into with diverse credit worthy counterparties thereby mitigating any significant concentration of credit risk.

## 36.4 Capital management

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders and benefit for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The Company currently meets the paid up capital requirement as required by Securities and Exchange Commission of Pakistan.

## 38 FAIR VALUES OF FINANCIAL ASSETS AND LIABILITIES

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Underlying the definition of fair value is the presumption that the Company is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the reporting date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

The table below analyses financial instruments carried at fair value. The different levels have been defined as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs). The Company has no items to report in this level.

The Company held the following financial instruments measured at fair value:

|   | 2019    |                |          |
|---|---------|----------------|----------|
|   | Level 1 | Level 2        | Level 3  |
|   |         | Rupees in '000 |          |
| Financial assets - measured at fair value       |         | 177            |          |
| Fair value through profit or loss               |         |                |          |
| Mutual funds                                    |         | 497,577        |          |
| Commercial paper and term finance certificate   | 17      | 194,025        |          |
| Government securities                           | 39      | 1,837,655      | (5)      |
| Non - financial assets - measured at fair value |         |                |          |
| Property and equipment (Building)               | 120     |                | 552.475  |
| Investment properties                           | *       | 81             | 376,995  |
|   |         | 2018           |          |
|   | Level 1 | Level 2        | Level 3  |
|   |         |                | Restated |
|   |         | Rupees in '000 |          |
| Financial assets - measured at fair value       |         | 53             |          |
| Fair value through profit or loss               |         |                |          |
| Mutual funds                                    | *       | 225,821        | 29.3     |
| Government securities                           | *       | 1,493,477      | 340      |
| Non - financial assets - measured at fair value |         |                |          |
| Investment properties                           | 9       | ÷:             | 356,950  |
|   |         |                |          |

Buildings and investment properties are carried at revalued amounts (level 3 measurement) determined by a professional valuer based on their assessment of the market values as disclosed in notes 5 and 7 to these financial statements. The valuation experts use a market based approach to arrive at the fair value of the Company's properties. The market approach uses prices and other relevant information generated by market transactions involving identical or comparable or similar properties. These values are adjusted to reflect the current condition of the properties. The effect of changes in the unobservable inputs used in the valuations cannot be determined with certainty, accordingly a quantitative disclosure of sensitivity has not been presented in these financial statements.

The carrying amounts of all other financial assets and liabilities reflected in these financial statements approximate their fair values.

## 39 DATE OF AUTHORISATION FOR ISSUE

These financial statements were authorised for issue by the Board of Directors of the Company on D.E. MAR 2028

## 40 EVENTS AFTER REPORTING DATE

The Board of Directors has proposed a final dividend for the year ended December 31, 2019 of Re. 0.782 per share, amounting to Rs 150 million in its meeting held on March 5, 2020. The effect of this distribution will be incorporated in the financial statements of the Company for the year ending December 31, 2020.

## 41 GENERAL

Figures in these financial statements have been rounded off to the nearest thousand of rupees.

FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2019

### INDEPENDENT AUDITOR'S REPORT

## To the members of IGI General Insurance Limited

## Report on the Audit of the Financial Statements

## Opinion

We have audited the annexed financial statements of **IGI General Insurance Limited - Window Takaful Operations** ("the Operator"), which comprise the statement of financial position as at December 31, 2019, and the statement of comprehensive income, the statement of changes in funds and the cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, the statement of comprehensive income, the statement of changes in funds and the cash flow statement together with the notes forming part thereof, conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Insurance Ordinance, 2000 and the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of Operator's affairs as at December 31, 2019 and of the total comprehensive income, the changes in funds and its cash flows for the year then ended.

## **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Operator in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan and the requirements of Insurance Ordinance, 2000 and, Companies Act, 2017 (XIX of 2017), and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

A. F. FERGUSON & CO., Chartered Accountants, a member firm of the PwC network

State Life Building No. 1-C, I.I. Chundrigar Road, P.O. Box 4716, Karachi-74000, Pakistan

Tel: +92 (21) 32426682-6/32426711-5; Fax: +92 (21) 32415007/32427938/32424740; <www.pwc.com/pk>

In preparing the financial statements, management is responsible for assessing the Operator's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Operator or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Operator's financial reporting process.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
  that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of the Operator's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Operator's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Operator to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

a) proper books of account have been kept by the Operator as required by the Insurance Ordinance, 2000 and the Companies Act, 2017 (XIX of 2017);

## AF FERGUSON&CO.

- b) the statement of financial position, the statement of comprehensive income, the statement of changes in funds and the cash flow statement together with the notes thereon have been drawn up in conformity with the Insurance Ordinance, 2000, the Companies Act, 2017 (XXI of 2017), and are in agreement with the books of account;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Operator's business; and;
- d) no Zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

The engagement partner on the audit resulting in this independent auditor's report is Noman Abbas Sheikh.

IGI GENERAL INSURANCE LIMITED
WINDOW TAKAFUL OPERATIONS
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2019

## 1 LEGAL STATUS AND NATURE OF BUSINESS

IGI General Insurance Limited ("the Operator"), a Packages Group Company, was incorporated as a public limited company on November 18, 2016 under the Companies Ordinance, 1984 (now the Companies Act, 2017). The registered office of the Operator is situated at 7th floor, The Forum, Suite No. 701-713, G-20, Block 9, Khayaban-e-Jami, Clifton, Karachi. The objects of the Operator include providing general insurance services (in spheres of Fire, Marine, Motor, Health and Miscellaneous) and general takaful services.

The Operator was granted authorisation on June 20, 2017 under Rule 6 of the Takaful Rules, 2012 to undertake Window Takaful Operations ("WTO") by the Securities and Exchange Commission of Pakistan ("SECP") under Takaful Rules, 2012 to carry on general takaful in Pakistan.

The Operator transferred statutory fund of Rs. 50 million in a separate bank account for the Window Takaful Operations as per the requirement of circular 8 of 2014. The Operator has formed a Waqf for Participants' Fund by executing the Waqf deed dated February 27, 2017 and deposited a cede money of Rs. 0.5 million. The cede money is required to be invested in Shari'ah compliant remunerative instrument which may be used to acquire immovable Waqf property if Shan'ah and law so warrants. Waqf Deed governs the relationship of Operator and participants for management of takaful operations, investments of participants' funds and investments of the Operator's funds approved by the Shariah advisor of the Operator. The Operator commenced activities of WTO on July 1, 2017.

## 2 BASIS OF PREPARATION

#### 2.1 Statement of compliance

- 2.1.1 These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:
  - International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB)
    and Islamic Financial Accounting Standards (IFAS) issued by Institute of Chartered Accountants of Pakistan, as
    notified under the Companies Act, 2017; and
  - Provisions of and directives issued under the Companies Act, 2017, Insurance Ordinance, 2000, Insurance Rules 2017, Insurance Accounting Regulations, 2017 and Takaful Rules, 2012.

In case requirements differ, the provisions or directives of the Companies Act, 2017, the Insurance Ordinance, 2000, the Insurance Rules, 2017, the Insurance Accounting Regulations, 2017 and the Takaful Rules, 2012 shall prevail.

2.1.2 These financial statements reflect the financial position and results of operations of both the Operator's Fund (OPF) and Participants' Takaful Fund (PTF) in a manner that the assets, liabilities, income and expenses of the Operator and PTF remain separately identifiable.

## 2.2 Basis of measurement

These financial statements have been prepared under the historical cost convention except for investments in mutual funds which are carried at fair value.

## 2.3 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Operator operates. The financial statements are presented in Pakistani Rupees, which is the Operator's functional and presentation currency.

2.4 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year:

IFRS 9 'Financial Instruments' and amendment (effective for period ending on or after June 30, 2019). IFRS 9 replaces the existing guidance in IAS 39 Financial Instruments: Recognition and Measurement. IFRS 9 includes revised guidance on the classification and measurement of financial instruments, a new expected credit loss model for calculating impairment on financial assets, and new general hedge accounting requirements. It also carries the guidance on recognition and derecognition of financial instruments from IAS 39.

AH6

Further, IFRS 4 provides two alternative options in relation to application of IFRS 9 for entities issuing contracts within the scope of IFRS 4, notably a temporary exemption and an overlay approach. The temporary exemption enables eligible entities to defer the implementation date of IFRS 9. The overlay approach allows an entity applying IFRS 9 from the effective date to remove from the profit or loss the effects of some of the accounting mismatches that may occur from applying IFRS 9 before IFRS 17 is applied. The Operator has adopted the temporary exemption which allows the operator to defer the application of IFRS 9 until December 31, 2021. For the companies adopting the temporary exemption, the IFRS 4 requires certain disclosures which have been disclosed as follows:

## 2.4.1 Temporary exemption from application of IFRS 9

As part of an insurance company, the management has opted temporary exemption from the application of IFRS 9 as allowed by the International Accounting Standards Board (IASB) for entities whose activities are predominantly connected with insurance. Additional disclosures, as required by the IASB, for being eligible to apply the temporary exemption from the application of IFRS 9 are given in note 2.4.2.

# 2.4.2 Fair value of financial assets as at December 31, 2019 and change in the fair values during the year ended December 31, 2019

|   | OPF     | PTF        |
|---|---------|------------|
| Financial assets that do not meet the SPPI criteria | (Rupee: | s in '000) |
| Mutual funds  |         |            |
| Opening fair value                                  | 40      | 40         |
| Increase / (decrease) in fair value                 | 4       | 4          |
| Closing fair value                                  | 44      | 44         |

There are certain amendments to the standards and new interpretations that are mandatory for the Operator's accounting periods beginning on or after January 1, 2019 but are considered not to be relevant or do not have any significant effect on the Operator's operations and are therefore not stated in these financial statements.

## 2.5 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective:

The following revised standards, amendments and interpretations with respect to the accounting and reporting standards would be effective from the dates mentioned below against the respective standard, amendments or interpretation:

Effective date (accounting periods beginning on or after)
January 01, 2020

- IAS 1 'Presentation of financial statements' (amendments)
- IAS 8 'Accounting policies, change in accounting estimates and errors' (amendments)

January 01, 2020

The management is currently in the process of assessing the impact of these standards on the financial statements of the Operator.

There are certain other new and amended standards and interpretations that are mandatory for the Operator's accounting periods beginning on or after January 1, 2020 but are not considered to be relevant or will not have any significant effect on the Operator's operations and, therefore, not detailed in these financial statements.

## 3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies adopted in the preparation of these financial statements are set out below. These accounting policies have been consistently applied for all the years presented.

## 3.1 Property and equipment

Tangible

These are stated at cost less accumulated depreciation and accumulated impairment losses, if any.

Depreciation on all fixed assets is charged to statement of comprehensive income on the straight line method so as to write-off depreciable amount of an asset over its useful life. Depreciation on additions to fixed assets is charged from the month in which an asset is acquired or capitalised, while no depreciation is charged for the month in which the asset is disposed of.

AHCO

The assets' residual values and useful lives are reviewed, at each financial year end, and adjusted, if impact on depreciation is significant. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the items will flow to the Operator and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to statement of comprehensive income in the period in which they are incurred.

The gain or loss on disposal or retirement of an asset represented by the difference between the sale proceeds and the carrying amount of the asset is recognised as an income or expense.

#### 3.2 Takaful contracts

The takaful contracts are based on the principles of wakala. The takaful contracts so agreed usually inspire concept of tabarru (to donate for benefit of others) and mutual sharing of losses with the overall objective of eliminating the element of uncertainty.

Contracts under which the Participants' Takaful Fund (PTF) accepts significant takaful risk from another party (the participant) by agreeing to compensate the participant if a specified uncertain future event (the takaful event) adversely affects the participant are classified as takaful contracts. Takaful risk is significant if a takaful event could cause the PTF to pay significant benefits due to the happening of the takaful event compared to its non-happening. Once a contract has been classified as a takaful contract, it remains a takaful contract for the remainder of its lifetime, even if the takaful risk reduces significantly during this period, unless all rights and obligations are extinguished or expired.

The PTF underwrites non-life takaful contracts that can be categorised into following main categories:

## 3.2.1 Fire and property

Fire and property takaful contracts mainly compensate the participants for damage suffered to their properties or for the value of property lost. Participants who undertake commercial activities on their premises could also receive compensation for the loss of earnings caused by the inability to use the takaful covered properties in their business activities. These contracts are generally one year contracts except some contracts that are of three months period.

#### 3.2.2 Marine, aviation and transport

Marine takaful covers the loss or damage of vessels, cargo, terminals, and any transport or property by which cargo is transferred, acquired, or held between the points of origin and final destination. These contracts are generally for three months period.

## 3.2.3 Motor

Motor takaful provides protection against losses incurred as a result of theft, traffic accidents and against third party liability that could be incurred in an accident. These contracts are generally one year contracts.

## 3.2.4 Health

Health takaful provides coverage against expenses incurred during the hospitalisation due to sickness, emergency and accidents. These contracts are generally one year contracts.

## 3.2.5 Miscellaneous

All other various types of Takaful contracts are classified in miscellaneous category. These contracts are normally one year contracts except some engineering contracts that are of more than one year period. Whereas, normally travel contracts expire within one month time.

## 3.3 Deferred Commission expense

Commission incurred in obtaining and recording takaful are deferred and recognised as an asset. These costs are charged to the statement of comprehensive income based on the pattern of recognition of contribution revenue.

## 3.4 Reserve for unearned contribution

Contribution written under a policy is recognised as income over the period of takaful from the date of issuance of the policy to which it relates to its expiry. Where the pattern of incidence of risk varies over the period of the policy, contribution is recognised as revenue in PTF in accordance with the pattern of the incidence of risk. The portion of contribution written relating to the unexpired period of coverage is recognised as unearned contribution by the PTF. This liability is calculated by applying 1/24 method as specified in the Insurance Accounting Regulations, 2017.

AHro

## 3.5 Re-takaful ceded

These are contracts entered into by the Operator with re-takaful operators for compensation of losses suffered on Takaful contracts issued. These re-takaful contracts include both facultative and treaty arrangement contracts and are classified in same categories of Takaful contracts for the purpose of these financial statements. The Operator recognises the entitled benefits under the contracts as various re-takaful assets.

The deferred portion of re-takaful contribution is recognised as a prepayment in PTF. The deferred portion of re-takaful contribution ceded is calculated by using 1/24 method.

## 3.6 Claims expense

General takaful claims include all claims occurring during the year, whether reported or not, related internal and external claims handling costs that are directly related to the processing and settlement of claims, a reduction for the value of salvage and other recoveries, and any adjustments to claims outstanding from previous years.

The Operator recognises liability in respect of all claims incurred upto the reporting date which is measured at the undiscounted value of the expected future payments. The claims are considered to be incurred at the time of the incident giving rise to the claim except as otherwise expressly indicated in an takaful contract. The liability for claims include amounts relating to unpaid reported claims, claims incurred but not reported (IBNR) and expected claims settlement costs.

The provision for Incurred But Not Reported (IBNR) claims is determined by the Operator as required under circular No. 9 of 2016 issued by the SECP. As per the SECP circular No. 9 of 2016 an Operator shall estimate IBNR claims reserve based on the prescribed method provided in the guidelines. Guidelines also allows the use of any other alternative method of determining IBNR, if found more suitable for the risk class, provided that the amount estimated under the alternative method shall not be less than the amount calculated under prescribed method. The prescribed method for estimating IBNR claim reserve is the chain ladder method based on paid claims hereinafter called 'Incurred But Not Paid' or 'IBNP'. The Basic Chain Ladder (BCL) method uses a run off triangle to estimate the development factors for each accident period which are further used to estimate the ultimate paid claims. Data from settlement registers is used in the BCL models. Lags are determined to be the difference between the 'date of loss' and 'date of claim payment'. Monthly lags are used since it reflects the claim development pattern within a given year and the back testing supports the same. Once IBNP has been determined using BCL, the outstanding claims are deducted to arrive at IBNR on paid basis.

Under alternative method IBNR is determined on reported basis. IBNR (reported basis) is much similar to IBNR (paid basis) but is calculated using a different methodology. It does not use either IBNP or outstanding claims to estimate IBNR rather, is determined using BCL method. Development factors are determined for each accident period to estimate the ultimately reported claims directly. Intimation registers are used in the BCL model where lags are calculated as the difference between the 'date of loss' and 'date of intimation'.

The analysis is carried out separately for each class of business and results determined through this alternative method are compared to the results of prescribed method and higher of the two are set as the final reserve.

## 3.7 Re-takaful recoveries against claims

Re-takaful recoveries against outstanding claims is recognised as an asset and measured at the amount expected to be

## 3.8 Commission, other acquisition costs and re-takaful reward

Commission expense and other acquisition costs are charged to the OPF at the time the policies are accepted. Re-takaful reward from re-takaful operator is recognised at the time of issuance of the underlying takaful policy by the PTF. This income is deferred and brought to statement of comprehensive income as revenue in accordance with the pattern of recognition of the re-takaful contribution to which it relates. Retakaful reward from re-takaful operator is arrived at after taking the impact of opening and closing unearned re-takaful reward. Profit on re-takaful contracts, if any, which the PTF may be entitled to under the terms of re-takaful, is recognised on accrual basis.

## 3.9 Contribution deficiency reserve

The Operator is required as per the Insurance Accounting Regulations, 2017, to maintain a provision in respect of contribution deficiency for the class of business where the unearned contribution reserve is not adequate to meet the expected future liability, after re-takaful from claims, and other supplementary expenses expected to be incurred after the reporting date in respect of the unexpired takaful contracts in that class of business at the reporting date. The movement in the contribution deficiency reserve is recorded as an expense in the statement of comprehensive income.

The Company has recorded contribution deficiency reserve on the recommendation of actuary for fire and property damage, marine, health and miscellaneous business.

#6

### 3.10 Takaful surplus

Takaful surplus attributable to the participants is calculated after charging all direct cost and setting aside various reserves. Allocation to participants, if applicable, is made after adjustment of claims paid to them during the year.

#### 3.11 Wakalah fee

The Operator of Window Takaful manages the general takaful operations for the participants and charge wakala fee to PTF to meet the general and administrative expenses of the Operator including commissions to agents at following rates:

|                               | Percentage |       |  |  |
|-------------------------------|------------|-------|--|--|
| Class                         | 2019       | 2018  |  |  |
| Fire and property             | 30.0%      | 33.5% |  |  |
| Manne, aviation and transport | 35.0%      | 35.0% |  |  |
| Motor                         | 30.0%      | 30.0% |  |  |
| Health                        | 25.0%      | 27.5% |  |  |
| Miscellaneous                 | 25.0%      | 27.5% |  |  |

The deferred portion of wakala fee is recognised as a prepayment in PTF and unearned wakala fee in OPF. The deferred portion of wakalah fee is calculated by using 1/24 method.

#### 3.12 Mudarib's share - PTF

The Operator also manages the participants' investment as Mudarib and charges 20% (2018: 25%) of the investment income earned by the PTF as Mudarib's share. It is recognised on the same basis on which related revenue is recognised.

#### 3.13 Qard-e-Hasan

If there is a deficit of admissible assets over liabilities in PTF, the Operator provides interest free loan 'Qard-e-Hasan' to PTF from OPF so that PTF may become solvent as per Takaful Rules, 2012.

Qard-e-Hasan from PTF can be recovered by the Operator over any period of time without charging any profit.

#### 3.14 Creditors, accruals and provisions

Liabilities for creditors and other amounts payable are carned at cost which is the fair value of the consideration to be paid in the future for the services received, whether or not billed to the Operator.

Provisions are recognised when the Operator has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

## 3.15 Taxation

Income tax expense comprises current and deferred tax. Income tax expense is recognised in the Operator's profit and loss account, except to the extent that it relates to items recognised directly in equity or in the statement of comprehensive income, in which case it is recognised in equity or in the statement of comprehensive income respectively.

## Current tax

Provision of current tax is based on the taxable income for the year determined in accordance with the prevailing law for taxation of income. The charge for current tax is calculated using prevailing tax rates or tax rates expected to apply to the profit for the year, if enacted. The charge for current tax also include adjustments, where considered necessary, to provision for tax made in previous years arising from assessments finalised during the current period for such years.

### Deferred tax

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences at the reporting date between the tax bases and carrying amounts of assets and liabilities for financial reporting purposes. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

## 3.16 Cash and cash equivalents

Cash and cash equivalents are carried in the statement of financial position at cost. For the purposes of cash flow statement, cash and cash equivalents comprise cash in hand, deposits with banks, stamps in hand and short term finances.

#### 3.17 Investments

- 3.17.1 The Operator invests in Shariah compliant financial instruments only. All investments are initially recognised at cost, being the fair value of the consideration given and include transaction cost, except for investments classified as fair value through profit or loss in which case transaction costs are charged to the statement of comprehensive income. These are classified into the following categories:
  - Fair value through profit or loss
  - Held to maturity
  - Available for sale

## 3.17.2 Investments at fair value through profit or loss

These financial assets are acquired principally for the purpose of generating profit from short-term fluctuation in prices or are part of a portfolio for which there is a recent actual pattern of short-term profit taking.

Subsequent to initial recognition these are measured at fair value by reference to quoted market prices with the resulting gain or loss being included in net profit or loss for the period in which it arises.

## 3.17.3 Held to maturity

Investments with fixed maturity that the management has the intent and ability to hold to maturity are classified as held to maturity and are initially measured at cost. At subsequent reporting dates, these are measured at amortised cost using the effective yield method.

Any premium paid or discount availed on acquisition of held to maturity investments is deferred and amortised over the term of the investment using the effective yield.

Income from held to maturity investments is recognised on a time proportion basis taking into account the effective yield on the investments.

The difference between the redemption value and the purchase price of the held to maturity investments is amortised and taken to the statement of comprehensive income account over the term of the investment.

## 3.17.4 Available for sale

Available for sale investments are those non-derivative investments that are designated as available for sale or are not classified in any other category. These are primarily those investments that are intended to be held for an undefined period of time or may be sold in response to the need for liquidity. It also includes investments in associated undertakings where the Operator does not have significant influence. The Operator follows trade date accounting for 'regular way purchase and sales' of investments.

Subsequent to initial recognition, these are stated at market value. The Operator uses stock exchange quotation at the reporting date to determine the market value of its quoted investments.

Dividend income and entitlement of bonus shares are recognised when the Operator's right to receive such dividend and bonus shares is established.

Gains / (losses) on sale of available for sale investments are recognised in statement of comprehensive income.

## 3.17.5 Other receivables

These are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Subsequent to initial recognition these are measured at amortised cost.

# 3.17.6 Date of recognition

Regular way purchases and sales of investments that require delivery within the time frame established by regulations or market convention are recognised at the trade date. Trade date is the date on which the Operator commits to purchase or sell the investment

# 3.17.7 Sale and repurchase agreements

Securities purchased under an agreement to resell (reverse repo) are not recognised in the financial statements as investments and the amount extended to the counter party is included in other receivables. The difference between the sale and repurchase price is recognised as income and included in other income.

# 3.18 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the financial statements only when there is a legally enforceable right to set-off the recognised amount and the Operator intends either to settle on a net basis or to realise the assets and to settle the liabilities simultaneously.

## 3.19 Segment reporting

A business segment is a distinguishable component of the Operator that is engaged in providing services that are subject to risks and returns that are different from those of other business segments. The Operator accounts for segment reporting of operating results using the classes of business as specified under the Insurance Ordinance, 2000 and the Insurance Rules, 2017. The reported operating segments are also consistent with the internal reporting provided to Board of Directors who are responsible for allocating resources and assessing performance of the operating segments. The performance of segments is evaluated on the basis of underwriting results of each segment.

The Operator has five primary business segments for reporting purposes namely fire, marine, motor, health and miscellaneous.

Assets, liabilities and capital expenditures that are directly attributable to segments have been assigned to them. Those assets and liabilities which can not be allocated to a particular segment on a reasonable basis are reported as unallocated corporate assets and liabilities.

#### 3.20 Impairment

The carrying values of the Operator's non-financial assets are reviewed at each financial year end for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable. If any such indication exists, and where the carrying values exceed the estimated recoverable amount, the assets are written down to their recoverable amount. The resulting impairment loss is taken to the statement of comprehensive income.

# 3.21 Foreign currency transactions and translations

Foreign currency transactions are translated into Pak Rupees at the exchange rates prevailing on the date of transaction. Monetary assets and liabilities in foreign currencies are translated into Pak Rupees at the exchange rates prevailing at the reporting date. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using exchange rates at the date when the fair value was determined. Exchange gains or losses are included in income currently.

#### 3.22 Expenses of management

Expenses allocated to the takaful business represent directly attributable expenses. Expenses not directly allocable to takaful business are charged to OPF and allocated on the basis of gross contribution written during the year.

## 4 CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of financial statements in conformity with the accounting and reporting standards as applicable in Pakistan requires the use of certain critical accounting estimates, judgments and assumptions that affect the reported amount of assets, liabilities, income and expenses. It also requires the management to exercise its judgment in the process of applying the Operator's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience, including expectations of future events that are believed to be reasonable under the circumstances.

AHIO

The areas where various assumptions and estimates are significant to the Operator's financial statements are as follows:

- i) classification of takaful contracts (note 3.2);
- ii) provision for unearned contribution (notes 3.4 and 17);
- iii) provision for contribution due but unpaid and amount due from other takaful / re-takaful operators (notes 3.4 and 9);
- contribution deficiency reserve (note 3.9); iv)
- provision for unearned wakala fee (notes 3.11 and 20); v)
- classification of investments (notes 3.17, 6 and 7); vi)
- vii) residual values and useful lives of property and equipment (notes 3.1 and 5);
- allocation of management expenses (notes 3.22, 22 and 23); viii)
- ix) taxation (notes 3.15 and 14.1).

8.1 During the year ended December 31, 2018, the Sindh Revenue Board (SRB) raised a demand of tax of Rs 430.412 million under section 23(1) of Sindh Sales Tax on Services Act (SSTA), 2011, in respect of sales tax on reinsurance obtained from foreign re-insurers by the conventional business of Operator. The department has also imposed a penalty of Rs 21.520 million.

The department alleged that the conventional business of Operator has received re-insurance services from foreign re-insurance companies for the period from July 2011 to December 2014 and it is the contention of the department that these services are liable to sales tax under SSTA, 2011. The department attached the bank accounts relating to Window Takaful Operations and directed the Operator's banker to issue pay orders from these bank accounts to SRB. The pay orders of Rs 58.028 million from the Operator's bank accounts (Rs. 50.391 million from PTF's bank account and Rs. 7.637 million from OPF's bank account) were issued by the Operator's banker on December 27, 2018 upon direction of SRB. The Operator had reimbursed the said amount withdrawn from these bank accounts to Window Takaful Operations from its conventional business since the amount withdrawn pertain to conventional business only. Accordingly, a receivable against the amount withdrawn of Rs. 58.028 million and a corresponding liability to conventional business has been recorded in these financial statements.

The Operator filed an appeal before the Commissioner (Appeals) SRB on December 28, 2018 against the above order. The management in hearings held during the year before the Commissioner (Appeals) SRB has submitted that:

- The payments to foreign re-insurance companies are not a service and is merely a re-distribution of the insurance risk and therefore the insurance premium. There is no value addition involved since in essence it is a sharing of the insurance risk between the insurer and re-insurers. The management believes that the gross premium charged by the insurer was already subject to Sales Tax on the gross amount, hence it is illogical to again subject it to sales tax upon its re-distribution keeping in view the fact that neither any service is being provided to the policy holder nor any value addition is being made.
- These risk sharing arrangements have been made by the Operator with the re-insurance companies incorporated outside Pakistan with no legal or physical presence therefore it is the view that the provisions of Sindh Sales Tax laws are not applicable to these type of arrangements and are outside the jurisdiction of Sindh Sales Tax laws.

The management believes that even if it is assumed that Sindh Sales Tax on re-insurance provided to insurer / insurance companies is applicable, the law does not provide any mechanism for calculating the basis on which such tax will be imposed and its related payment and the same would have been claimed as adjustable input tax by the Operator against its output tax liability.

The Operator had also filed a constitutional petition before the Honourable High Court (the Court) of Sindh at Karachi on December 28, 2018 seeking protection from the above mentioned coercive action taken by the tax department. The Court has suspended the above mentioned attachment notice and also instructed the bank that the said pay orders should not be encashed.

Subsequent to the year end, the Court has disposed of the constitutional petition together with the other similar petitions and has ordered SRB not to enforce recovery of impugned demand before expiry of seven days of the receipt of the final decision in appeal or stay application by the Commissioner (Appeals) SRB, whichever is earlier.

The management, based on the advice received from their tax and legal advisors, is confident that this matter is likely to be decided in favour of the Operator. The Operator shall repay the amount withdrawn from Window Takaful Operations to conventional business once the matter is decided in favour of the Operator and the payorders are cancelled accordingly.

#### 32 MANAGEMENT OF TAKAFUL RISK AND FINANCIAL RISK

The Operator issue contracts that transfer takaful risk or financial risk or both. This section summarises the takaful risks and the way the Operator manages them.

#### 32.1 Takaful risk management

#### 32.1.1 Takaful risk

31

The risk under any one takaful contract is the possibility of the covered event occurring and the uncertainty of the amount of the resulting claim. The Operator is exposed to the uncertainty surrounding the timing, frequency and severity of claims under takaful contracts and there is a risk that actual claims exceed the carrying amount of the takaful liabilities.

Experience shows that the larger the portfolio of similar takaful contracts, the smaller will be the relative variability about the expected outcome. In addition, a more diversified portfolio is less likely to be affected by a change in any subset of the portfolio. The Operator has developed its takaful underwriting strategy to diversify the type of takaful risks accepted and within each of these categories the Operator's takaful contract are for a maximum period of one year.

Factors that aggravate takaful risk include lack of risk diversification in terms of type and amount of risk, geographical location and type of industry covered.

# (a) Frequency and severity of claims

Political, environmental, economical and climatic changes give rise to more frequent and severe extreme events (for example, fire, theft, riot and strike, explosion, earthquake, atmospheric damage, hurricanes, typhoons, river flooding, electric fluctuation, terrorism, war risk, damages occurring in inland transit, burglary, loss of cash in safe and cash in transit, travel and personal accident, money losses, engineering losses and other events) and their consequences (for example, subsidence claims). For certain contracts, the Operator has also limited the number of claims that can be paid in any policy year or introduced a maximum amount payable for claims in any policy

Takaful contracts which are divided into direct and facultative arrangements are further subdivided into five segments: fire, marine, motor, health and miscellaneous. The takaful risk arising from these contracts is concentrated in the territories in which the Operator operates, and there is a balance between commercial and personal properties / assets in the overall portfolio of covered properties / assets. The Operator underwrites takaful contracts in Pakistan only.

The Operator manages these risks through its underwriting strategy, adequate re-takaful arrangements and proactive claims handling.

The underwriting strategy attempts to ensure that the underwritten risks are well diversified in terms of type and amount of risk, industry and geography. The Operator has the right to re-price the risk on renewal. It also has the ability to impose deductibles and reject fraudulent claims. Takaful contracts also entitle the Operator to pursue third parties for payment of some or all costs (for example, subrogation). The claims payments are limited to the extent of sum covered on occurrence of the covered event.

The Operator has entered into re-takaful cover / arrangements, with local and foreign re-takaful operators having good credit rating by reputable rating agencies, to reduce its exposure to risks and resulting claims. Keeping in view the maximum exposure in respect of key zone aggregates, a number of proportional and non-proportional facultative re-takaful arrangements are in place to protect the net account in case of a major catastrophe. The effect of such re-takaful arrangements is that the Operator recovers the share of claims from re-takaful companies thereby reducing its exposure to risk. Apart from the adequate event limit which is a multiple of the treaty capacity or the primary recovery from the proportional re-takaful arrangements, any loss over and above the said limit would be recovered under non-proportional treaty which is very much in line with the risk management philosophy of the Operator.

In compliance of the regulatory requirement, the re-takaful agreements are duly submitted with the Securities and Exchange Commission of Pakistan (SECP) on an annual basis.

The Operator has claims department dealing with the mitigation of risks surrounding claims incurred whether reported or not. This department investigates and settles all claims based on surveyor's report / assessment. The unsettled claims are reviewed individually at least semi-annually and adjusted to reflect the latest information on the underlying facts, contractual terms and conditions, and other factors. The Operator actively manages and pursues early settlements of claims to reduce its exposure to unpredictable developments.

# (b) Sources of uncertainty in the estimation of future claims payment

Claims reported and the development of large losses / catastrophes is analysed separately. The shorter settlement period for claims allows the Operator to achieve a higher degree of certainty about the estimated cost of claims including IBNR. However, the longer time needed to assess the emergence of a subsidence claim makes the estimation process more uncertain for these claims.

The estimated cost of claims includes direct expenses to be incurred in settling claims, net of the expected subrogation value, re-takaful and other recoveries. The Operator's claim are for shorter settlement period generally and Operator takes all reasonable steps to ensure that it has appropriate information regarding its claims exposures. However, given the uncertainty in establishing claims provisions, it is likely that the final outcome may be different from the original liability established. The liability comprises amount in relations to unpaid reported claims, claims incurred but not reported (IBNR), expected claims settlement costs and a provision for unexpired risks at the end of the reporting period.

Liability in respect of outstanding claims is based on the best estimate of the claims intimated or assessed. In calculating the estimated cost of unpaid claims (both reported and not), the Operator estimation techniques are a combination of loss-ratio based estimates (where the loss ratio is defined as the ratio between the ultimate cost of takaful claims and takaful contribution earned in prior financial years in relation to such claims) and an estimate based upon actual claims experience using predetermined basis where greater weight is given to actual claims experience as time passes.

In estimating the liability for the cost of reported claims not yet paid, the Operator considers any information available from surveyor's assessment and information on the cost of settling claims with cases having similar characteristics in previous periods. Claims are assessed on a case-by-case basis separately.

## (c) Process used to decide on assumptions

The risks associated with takaful contracts are complex and subject to a number of variables that complicate quantitative sensitivity analysis. This exposure is geographically concentrated in the Pakistan only.

The Operator uses internal data to measure its related estimated claim liabilities. Internal data is derived mostly from the Operator's monthly claims reports, surveyor's report for particular claim and screening of the actual takaful contracts carried out to derive data for the contracts held. The Operator has reviewed the individual contracts and in particular the industries in which the participant companies operate and the actual exposure years of claims. This information is used to develop related provision for outstanding claims (both reported and non-reported).

The principal assumption underlying the liability estimation of IBNR and contribution deficiency reserve is that the Operator's future claim development will follow similar historical pattern for occurrence and reporting. The management uses qualitative judgment to assess the extent to which past occurrence and reporting pattern will not apply in future. The judgment includes external factors e.g. treatment of one-off occurrence claims, changes in market factors, economic conditions, etc.

# (d) Changes in assumptions

The Operator has not changed its assumptions for the takaful contracts as disclosed in paragraphs (b) and (c) above.

Alto

## (e) Sensitivity analysis

The analysis of exposure described in paragraph (c) above is also used to test the sensitivity of the selected assumptions to changes in the key underlying factors. Assumptions of different levels have been used to assess the relative severity of subsidence claims given past experience. The key material factor in the Operator's exposure to subsidence claims is the risk of more permanent changes in geographical location in which Operator is exposed.

The Operator makes various assumptions and techniques based on past claims development experience. This includes indications such as average claims cost, ultimate claims numbers and expected loss ratios. The Operator considers that the liability for takaful claims recognised in the statement of financial position is adequate. However, actual experience will differ from the expected outcome.

As the Operator enters into short term takaful contracts, it does not assume any significant impact of changes in market conditions on unexpired risks. However, results of sensitivity testing assuming 10% change in the claim incidence net of recoveries showing effect on underwriting results and balance of wagf is set out below.

#### Concentration of takaful risk

A concentration of risk may also arise from a single takaful contract issued to a particular type of participant, within a geographical location or to types of commercial business. In order to minimise the financial exposure arising from large claims, the Operator, in the normal course of business, enters into agreement with other re-takaful operators, who are dispersed over several geographical regions.

The Operator has certain single takaful contracts which it considers as risk of high severity but very low frequency. The Operator cedes substantial part of these risks to the re-takaful companies on its panel and its maximum exposure on any single policy is limited to the amount of Rs. 2,285 million.

The maximum class wise risk exposure (in a single policy) is as follows:

|                                |           | 2019          |             |           | 2018           |             |

# 33 FINANCIAL RISK MANAGEMENT

The Operator has exposures to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk

The Board of Directors has overall responsibility for the establishment and oversight of the Operator's risk management framework. The Board is also responsible for developing and monitoring the Operator's risk management policies.

#### Risk management framework

Every takaful operator is exposed to a wide range of risks, some discrete and some interdependent; integrated risk management entail strong governance processes; ensuring greater accountability, transparency and risk awareness in underwriting, investment and strategic decisions. The Board of Directors take ultimate responsibility for supervising the Operator's risk management framework. Risk management framework covers the need to review the strategy of a Operator and to assess the risk associated with it.

The Audit Committee oversees compliance by management with the Operator's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Operator. The Audit Committee is assisted in its oversight role by an Internal Audit Function. Internal Audit undertakes both regular and adhoc reviews of risk management controls and procedures, the results of which are reported to the Audit Committee.

#### 33.1 Credit risk

Credit risk is the risk that arises with the possibility that one party to a financial instrument will fail to discharge its obligation and cause the other party to incur a financial loss. The Operator attempts to control credit risk by mitigating credit exposures by undertaking transactions with a large number of counter parties in various industries and by continually assessing the credit worthiness of counter parties.

#### 33.1.1 Exposure to credit risk

Credit risk of the Operator arises principally from the deposit and placement with banks, investments, contribution due but unpaid, amount due from other takaful / re-takaful operators, retakaful and other recoveries against outstanding claims, accrued investment income and other receivables. To reduce the credit risk, Operator's management monitors exposure to credit risk through its regular review, assessing credit worthiness of counter parties and prudent estimates of provision for doubtful debts.

The carrying amount of financial assets represent the maximum credit exposure, as specified below:

|   | Note | 2019      | 2018    |
|---|------|-----------|---------|
|   |      | (Rupees i | n '000) |
| Cash and bank                                   | 12   | 105,374   | 52,176  |
| Investments-term deposits                       | 7    | 209,875   | 106,500 |
| Investments-equity securities                   | 6    | 88        | 80      |
| Takaful / retakaful receivables                 | 9    | 151,076   | 62,750  |
| Accrued investment income                       |      | 5,011     | 714     |
| Retakaful recoveries against outstanding claims | 18   | 28,531    | 15,641  |
|   |      | 499,955   | 237,861 |
|   |      |           |         |

The Operator did not hold any collateral against the above during the year.

The credit quality of the Operator's bank balances and deposits can be assessed with reference to external credit ratings as follows:

|                         |            | 2019      |        |            | 2018      |        |  |

#10

# Contribution due but unpaid

Contribution due but unpaid is mostly recoverable from corporate customers.

## Concentration of credit risk

Concentration of credit risk occurs when a number of counterparties have a similar type of business activities. As a result, any change in economic, political or other conditions would effect their ability to meet contractual obligations in similar manner. Sector-wise analysis of gross "contribution due but unpaid" (before charging of provision for impairment) at the reporting date was:

|                     | 2019             | 2018 |                  |      |

Re-takaful ceded does not relieve the Operator from its obligation to participants and as a result the Operator remains liable for the portion of outstanding claims covered by re-takaful to the extent that re-takaful falls to meet the obligation under the re-takaful agreements.

In common with other takaful companies, in order to minimise the financial exposure arising from large claims, the Operator, in the normal course of business, enters into agreement with other re-takaful companies.

The Operator enters into re-takaful arrangements with re-takaful companies having sound credit ratings accorded by reputed credit rating agencies. The Operator is required to comply with the requirements of circular no. 32 / 2009 dated 27 October 2009 issued by SECP which requires a takaful operator to place at least 80% of their outward treaty cessions with re-takaful companies rated 'A' or above by Standard & Poor's or equivalent rating by any other reputed international rating agency, with the balance (20%) being placed with entities rated at least 'BBB' by Standard & Poor's or equivalent rating by any other reputed international rating agency. An analysis of all re-takaful assets relating to outward treaty cessions recognised by the rating of the entity from which it is due is as follows:

In respect of the aforementioned takaful and re-takaful assets, the Operator takes into account its track record of recoveries and financial position of the counterparties while creating provision for impairment. Further, re-takaful recoveries are made when corresponding liabilities are settled.

## 33.2 Liquidity risk

Liquidity risk is the risk that the Operator will encounter difficulty in meeting its financial obligations as they fall due. Liquidity risk arises because of the possibility that the Operator could be required to pay its liabilities earlier than expected or difficulty in raising funds to meet commitments associated with financial liabilities as they fall due. The Operator's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Operator's reputation. The diversified funding sources and assets of the Operator are managed with liquidity in mind, maintaining a healthy balance of cash and cash equivalents and readily marketable securities.

The table below analyses the Operator's financial liabilities into relevant maturity groupings based on the remaining period at the reporting date to the contractual maturity date on an undiscounted cash flow basis.

|                                  |                 | 2019                   |                   |                               | 2018               |                        |                   |                               |

#### 33.3 Market risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as profit rates, foreign exchange rates and market prices. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

Currency risk arises mainly where receivables and payables exist due to transactions in foreign currencies. As at reporting date there are no financial instruments denominated in foreign currencies. Therefore, the Operator is not exposed to risk from foreign currency exchange rate fluctuations.

# 33.3.1 Profit rate risk

Profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market profit rates. Majority of the profit rate exposure arises from balances held in term deposits and banks with reputable banks.

At the reporting date, the profit rate profile of the Operator's significant profit-bearing financial instrument is:

## Cash flow sensitivity analysis for variable rate instruments

The Operator is exposed to cash flow profit rate risk in respect of its term deposits receipts. In case of 100 basis points (bp) increase / decrease in profit rates at period end, assuming that all other variables remain constant, the net income and accumulated profit would have been higher / lower approximately by Rs 4,370 (2018: Rs 2,830) in Operators' fund. Similarly, in case of Participants' Takaful Fund the net income and balance of Waqf / PTF would have been higher / lower approximately by Rs 45,740 (2018: Rs. 4,310).

# 33.3.2 Price risk

Price risk is the risk of changes in the fair value of investments. The Operator is not exposed to price risk since it has no investments in equity securities.

# 33.4 Capital Management

The Operator's objective when managing capital is to safeguard the Operator's ability to continue as going concern so that it can continue to provide returns to shareholders and benefits for other stakeholders and to maintain a strong capital base to support the sustained development of its businesses.

The Operator manages its fund structure by monitoring return on net assets and makes adjustments to it in the light of changes in economic conditions.

#### 35 FAIR VALUES OF FINANCIAL ASSETS AND LIABILITIES

The table below analyses financial instruments carried at fair value. The different levels have been defined as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs). The
  Operator has no items to report in this level.

The Company held the following financial instruments measured at fair value:

|                                 |         | 2019           |         |         | 2018           |         |

#### INDEPENDENT AUDITOR'S REVIEW REPORT

#### To the members of IGI General Insurance Limited

Review Report on the Statement of Compliance contained in the Code of Corporate Governance for Insurers, 2016

We have reviewed the enclosed Statement of Compliance with the Code of Corporate Governance for Insurers, 2016 (the Code) prepared by the Board of Directors of **IGI General Insurance Limited** ('the Company') for the year ended December 31, 2019 in accordance with the requirements of Code of Corporate Governance for Insurers, 2016 applicable to insurance companies as issued by the Securities and Exchange Commission of Pakistan (SECP).

The responsibility for compliance with the Code is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Code and report if it does not and to highlight any non-compliance with the requirements of the Code. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Code.

As a part of our audit of the financial statements, we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Code requires the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions and also ensure compliance with the requirements of section 208 of the Companies Act, 2017. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out procedures to assess and determine the Company's process for identification of related parties and that whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Code as applicable to the Company for the year ended December 31, 2019.

#### STATEMENT OF COMPLIANCE WITH THE CODE OF CORPORATE GOVERNANCE FOR INSURERS, 2016

# IGI GENERAL INSURANCE LIMITED for the year ended 31st December 2019

This statement is being presented in compliance with the Code of Corporate Governance for Insurers, 2016 for the purpose of establishing a framework of good governance, whereby an insurer is managed in compliance with the best practices of corporate governance.

The Company has applied the principles contained in the Code in the following manner:

 The Company encourages representation of independent non-executive directors and directors representing minority interests on its Board of Directors. At present the Board includes:

| Category                | Names  |
|-------------------------|--|
| Independent Director    | None   |
| Executive Directors     | Mr. Chaudhry Tahir Masaud<br>Mr. Faisal Khan   |
| Non-Executive Directors | Mr. Shamim Ahmad Khan<br>Mr. Syed Hyder Ali<br>Mr. Sajjad Iftikhar<br>Mr. Syed Hasnain Ali |

<sup>\*</sup>As per clause (iii) of the Code of Corporate Governance for Insurers, 2016, the appointment of an independent director on the Board is preferred but is not mandatory. Hence, no independent director has been appointed on the Board of Directors of the Company.

- The directors have confirmed that none of them is serving as a director in more than seven listed companies, including this Company (excluding the listed subsidiaries of listed holding companies in which each one of them is a director)
- 3. All the resident directors of the Company are registered as taxpayers and none of them has defaulted in payment of any loan to a banking company, a DFI or an NBFI, or being a member of stock exchange, has been declared as a defaulter by a stock exchange.
- 4. During the year no casual vacancy occurred on the Board.
- 5. The Company has prepared a Code of Conduct, which has been disseminated among all the directors and employees of the Company.
- 6. The Board has developed a vision / mission statement, overall corporate strategy and significant policies of the Company. A complete record of particulars of significant policies along with the dates on which they were approved or amended has been maintained.
- 7. All powers of the Board have been duly exercised and decisions on material transactions, including appointment and determination of remuneration and terms and conditions of employment of the Chief Executive Officer, other executive directors and the key officers, have been taken by the Board.
- 8. The meetings of the Board were presided over the Chairman and, in his absence, by a director elected by the Board for this purpose and the Board met at least once in every quarter. Written notices of the Board meetings, along with agenda and working papers, were circulated at least seven (7) days before the meeting. The minutes of the meeting were appropriately recorded and circulated.
- 9. The Board has established a system of sound internal control, which is effectively implemented at all levels within the Company. The Company has adopted and complied with all the necessary aspects of internal controls given in the Code.
- 10. The Board was not required to arrange an orientation course during the year since there was no appointment of new director.
- 11. The Board has approved appointment of Chief Financial Officer, Company Secretary and Head of Internal Audit, including their remuneration and terms & conditions of employment.
- 12. The Directors' Report for this year has been prepared in compliance with the requirements of the Code of Corporate Governance for Insurers, 2016 and fully describes the salient matters required to be disclosed.
- 13. The financial statements of the Company were duly endorsed by Chief Executive Officer and Chief Financial Officer before approval of the Board.
- 14. The directors, Chief Executive Officer and other executives do not hold any interest in the shares of the Company other than disclosed in the pattern of shareholding.

- 15. The Company has complied with all the corporate and financial reporting requirements of the Code of Corporate Governance for Insurers, 2016.
- 16. The Board has formed the following Management Committees:

| UNDERWRITING, RE-INSURANCE & CO-INSURANCE COMMITTEE |          |  |

| Syed Hasnain Ali                                | Member   |  |
| Tahir Masaud                                    | Member   |  |

| INVESTMENT COMMITTEE |          |  |
|----------------------|----------|--|
| Name of the Member   | Category |  |
| Syed Hasnain Ali     | Chairman |  |
| Syed Hyder Ali       | Member   |  |
| Tahir Masaud         | Member   |  |
| Sajjad Iftikhar      | Member   |  |
| Syed Awais Amjad     | Member   |  |

18. The Board has formed an Audit Committee. It comprises of three (3) members, all of them are non-executive directors. The chairman of the Committee is a non-executive director. The composition of the Audit Committee is as follows:

| AUDIT COMMITTEE    |          |  |
|--------------------|----------|--|
| Name of the Member | Category |  |
| Syed Hasnain Ali   | Chairman |  |
| Syed Hyder Ali     | Member   |  |
| Sajjad Iftikhar    | Member   |  |

- 19. The meetings of the Committees except Ethics, Human Resource and Remuneration Committee, were held at least once every quarter prior to approval of interim and final results of the Company and as required by the Code of Corporate Governance for Insurers, 2016. The terms of references of the Committees have been formed and advised to the Committees for compliance.
- 20. The Board has set up an effective internal audit function. They are considered suitably qualified and experienced for the purpose and are conversant with the policies and procedures of the Company and they are involved in the internal audit function on a regular basis.
- 21. The Chief Executive Officer, Chief Financial Officer, Compliance Officer and the Head of Internal Audit possess such qualification and experience as is required under the Code of Corporate Governance for Insurers, 2016. The Appointed Actuary of the Company also meets the conditions as laid down in the said Code. Moreover, the

persons heading the underwriting, claim, reinsurance, risk management and grievance departments possess qualification and experience of direct relevance to their respective functions, as required under section 12 of the Insurance Ordinance, 2000 (Ordinance No. XXXIX of 2000):

| Name of the Person       | Designation                                       |
|--------------------------|---|
| Tahir Masaud             | Chief Executive Officer                           |
| Syed Awais Amjad         | Chief Financial Officer                           |
| Saira Shaikh             | Compliance Officer & Head of Grievance Department |
| Syed Muhammad Taha Naqvi | Company Secretary*                                |
| Shahzeb Haider           | Head of Internal Audit                            |
| Jamshaid Hussain         | Head of Underwriting                              |
| Kashif Qayyum            | Head of Claims                                    |
| Faisal Khan              | Head of Risk Management & Reinsurance             |

\*Mr. Yasir Ali Quraishi, Company Secretary, resigned on November 27, 2019 and Syed Muhammad Taha Naqvi has been appointed as Acting Company Secretary in his place subsequent to the year end.

- 22. The statutory auditors of the Company have been appointed from the panel of auditors approved by the Commission in terms of section 48 of the Insurance Ordinance, 2000 (Ordinance No. XXXIX of 2000). The statutory auditors have confirmed that they have been given a satisfactory rating under the Quality Control Review Program of the Institute of Chartered Accountants of Pakistan (ICAP), that they or any of the partners of the firm, their spouses and minor children do not hold shares of the Company and that the firm and all its partners are in compliance with the International Federation of Accountants (IFAC) guidelines on code of ethics as adopted by the Institute of Chartered Accountants of Pakistan.
- 23. The statutory auditors or the persons associated with them have not been appointed to provide other services and the auditors have confirmed that they have observed IFAC guidelines in this regard.
